

Office Party – Endgame 3
Lucine versus the Suggestions
Part B – Deprogramming?

Can't you put on some panties? Or at least close your legs?

Tsk!

Didn't bring any. Been running commando for over a week now and didn't think it was strange! Let me enjoy these last moments!

Also, strictly speaking, this is all your fault!

But... now you know!

Well, strictly speaking, I'd say you are wearing less than us.

Hm... I don't know. You should wear that more often.

Phew. Soon this crazy situation will be over.

I can't wait to finally wear something decent again.

Oh, my!
Is he coming on to me? Was that a compliment?

Or... did Lucine forget to fix his thoughts about the dress code?

FUCK!

I just hope this is going to work out...

I hope Charlotte will just yield...

If he can't do it, who or what could?

And you really think that hypnotist will help us?

Not saying he can't. But what's stopping him from enslaving us all?

She's right. As long as we do not drop into a trance all at once, that should work...

I... well... Good thinking! But unless he has some secret triggers in us already, I think we should be fine as long as we look after each other when we go under...

Bing

Go Charlotte! Today's the big day!

They won't see me coming. Walk like a Bimbo. Talk like a Bimbo. Until you strike!

Charlotte,
we wanted
to talk with
you.

These
suggestions.
They must
go.

If we continue
like this, we'll all
become somebody
we never wanted
to be!

... like what
you talk about?
Charlotte not
understand.

Cut the crap
bitch! We know
you are scheming
inside your brain!

Urgh!
Maybe I should just trigger Lucine? If I'm quick... and have her control James... We can get Stacey and Dylan in one swoop...

Whaa? You big Meeno! What has Charlotte like done to you?

Me just like wants all be happy!

Don't even think about it. Everybody here knows your bimbo trigger.

A woman with voluminous curly hair is wearing a black leather jacket over a black corset-style top and a black leather skirt with a gold buckle. She has her hands outstretched in a gesture of exasperation or dismissal. The background shows a modern interior with a staircase and a large abstract artwork.

So, if you don't want to spend the rest of this day as a vegetable just give up the act!

Let's make this easy for you, alright? **Back on track, Charlotte.** Better? What you gonna do now?

A woman with reddish-brown hair is wearing a pink athletic crop top and shorts with black trim. She has a pink choker with a white buckle. She looks frustrated with her hands raised. The background is a dark, possibly gym or studio setting.

Urgh!
Fine. You got me.
Happy now?

So... what
now?

They'll probably fire
me... Maybe fire me
and trigger my bimbo
personality... I'd end
on the streets!

Well. While...
what you have
done to... some
of us... was plain
out cruel...

We do know
that you are
only acting on
a suggestion
yourself.

So... if you can
just suppress your
hypnotically
induced urges a
little longer.

We are about to
contact the
hypnotist and
have him fix all
this.

Hey,
Lucine.

For real?!

Hell, yes, I
am in. I'm
so sorry
guys!

What else could I
say in a situation
like this?!

Yes,
Charlotte...
So... are
you in?

I've reached the
hypnotist. He said
he's leaving right
now. He'll be over
in about half an
hour.

Yes!
That's great
news!

They... they are
really doing it.
They are removing
the suggestions!

Finally,
this chaos
will end!

While they wait for the hypnotist Charlotte uses the time to apologize.

Hi... er..
Sayo... I...
em...

Everything
I've put you
through...
I'm so sorry!

Charlotte...

I know it was
not your fault.
It's those
suggestions... I
forgive you.

I... it's...
Argh!

Can you
forgive
me?

I'll do
anything to
make this
up to you!

But in the
future, let's
respect each
other's
boundaries.

I doubt that what she said about me being a bad leader was influenced by the suggestions...

Hey... Stacey. I...I'm sorry... What I made you do... and... for what I've said.

Yes... Let's do that!

It's... fine. I hear you Charlotte and I will work hard to make this office flourish. Together we can make this company great!

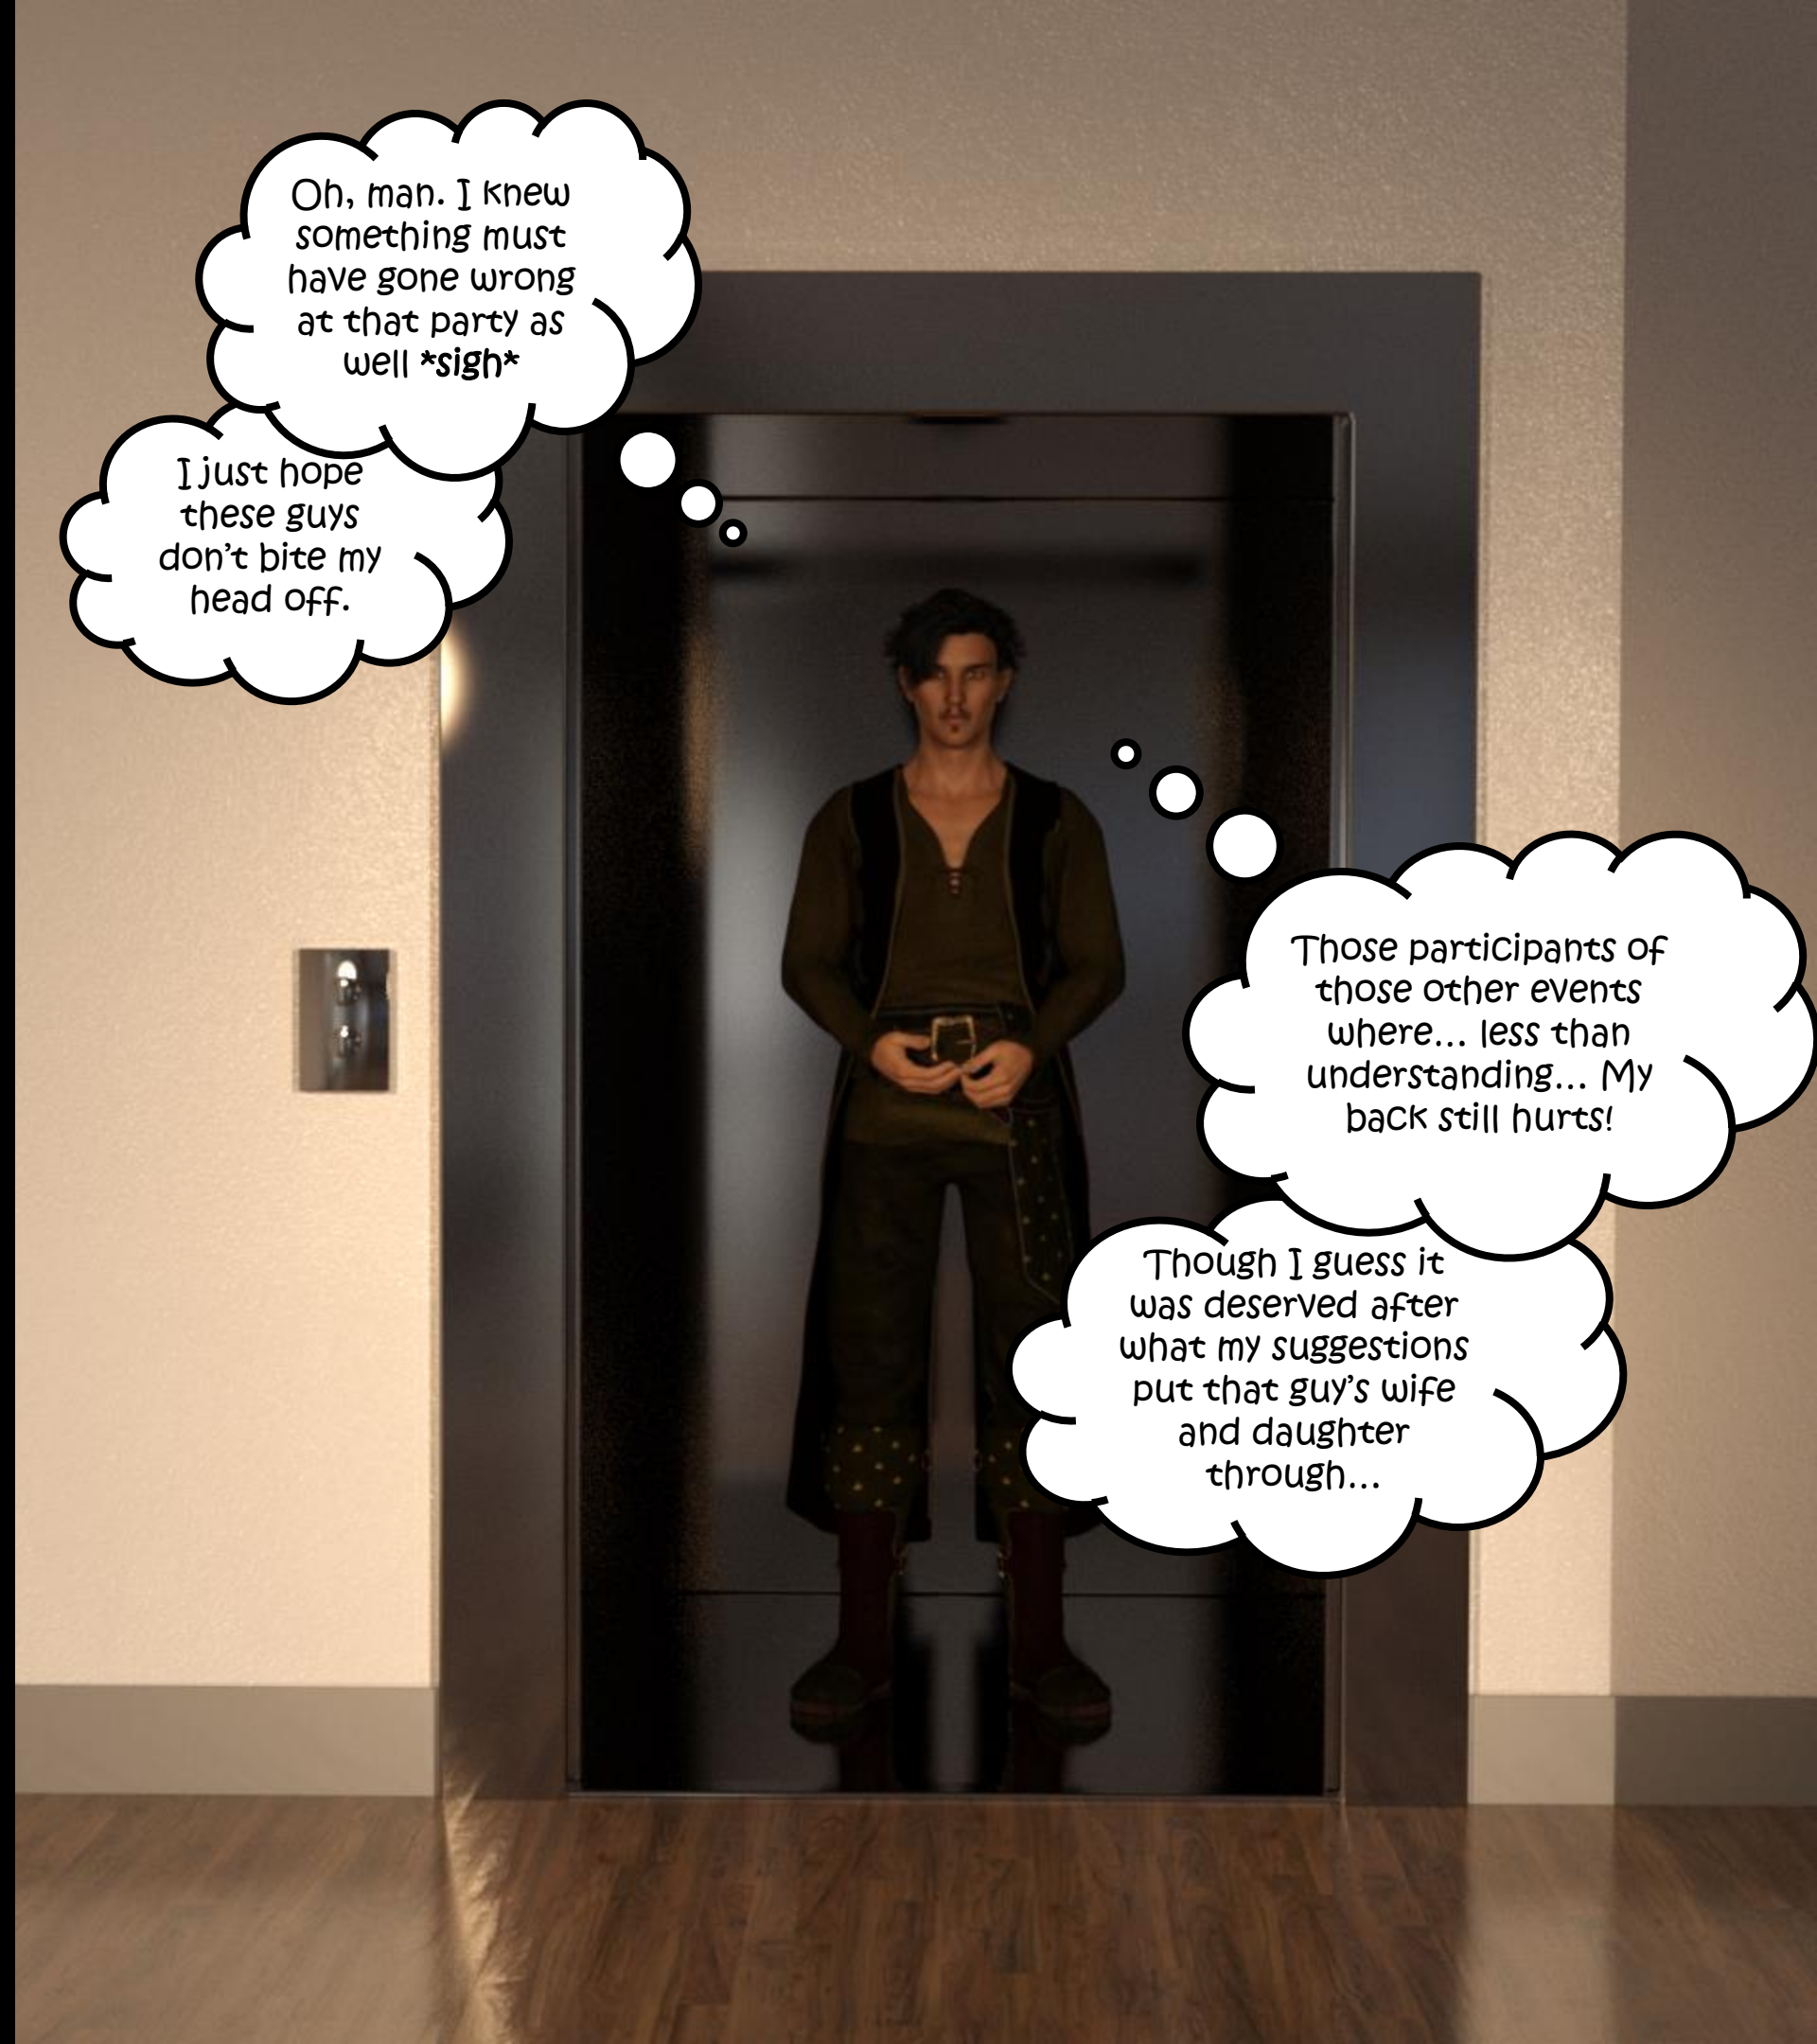

But she... was right... I did waltz in here as daddy's little girl.

Oh, dear. It's great that she's forgiving me. But that just sounded like she has plans for another useless management seminar.

I need to better myself to be worthy of my position.

This office would be so much better off with me on top...

Time goes by as the staff members keep talking in the lobby while waiting. Though it does not take long for the elevator to announce a visitor with another "Bing".

Oh, man. I knew something must have gone wrong at that party as well *sigh*

I just hope these guys don't bite my head off.

Those participants of those other events where... less than understanding... My back still hurts!

Though I guess it was deserved after what my suggestions put that guy's wife and daughter through...

Welcome to our office.

Gulp
That boss lady looks determined... but... what is she wearing... is that my fault?

Err...
Hi!

Mister Valentine!

We are very happy you were able to come on such short notice.

I believe my colleague Marco has already briefed you on the situation?

Please don't be too distracted by my state of dress.

One thing led to another... and I did not have spare clothes in the office.

And fixing this suggestion situation has top priority.

Oh... mm... of course!

whisper
Stop staring.

Sorry!
Yes, I get the picture and I will remove the suggestions.

Without charge, of course!

Great!
Please follow us.

Man... how am I supposed to manage to NOT look at that ass?!

Still can't believe that a guy like that holds this much power...

Still think he's kinda cute.

Agreed to help? It's the least he could do!

Hello.

I know there was... quite some trouble due to that party...

So, guys. I'm sure you can remember Mr. Valentine. ¹

But it's also partly our fault. So, please don't be too hard on him.

Mr. Valentine has agreed to help us.

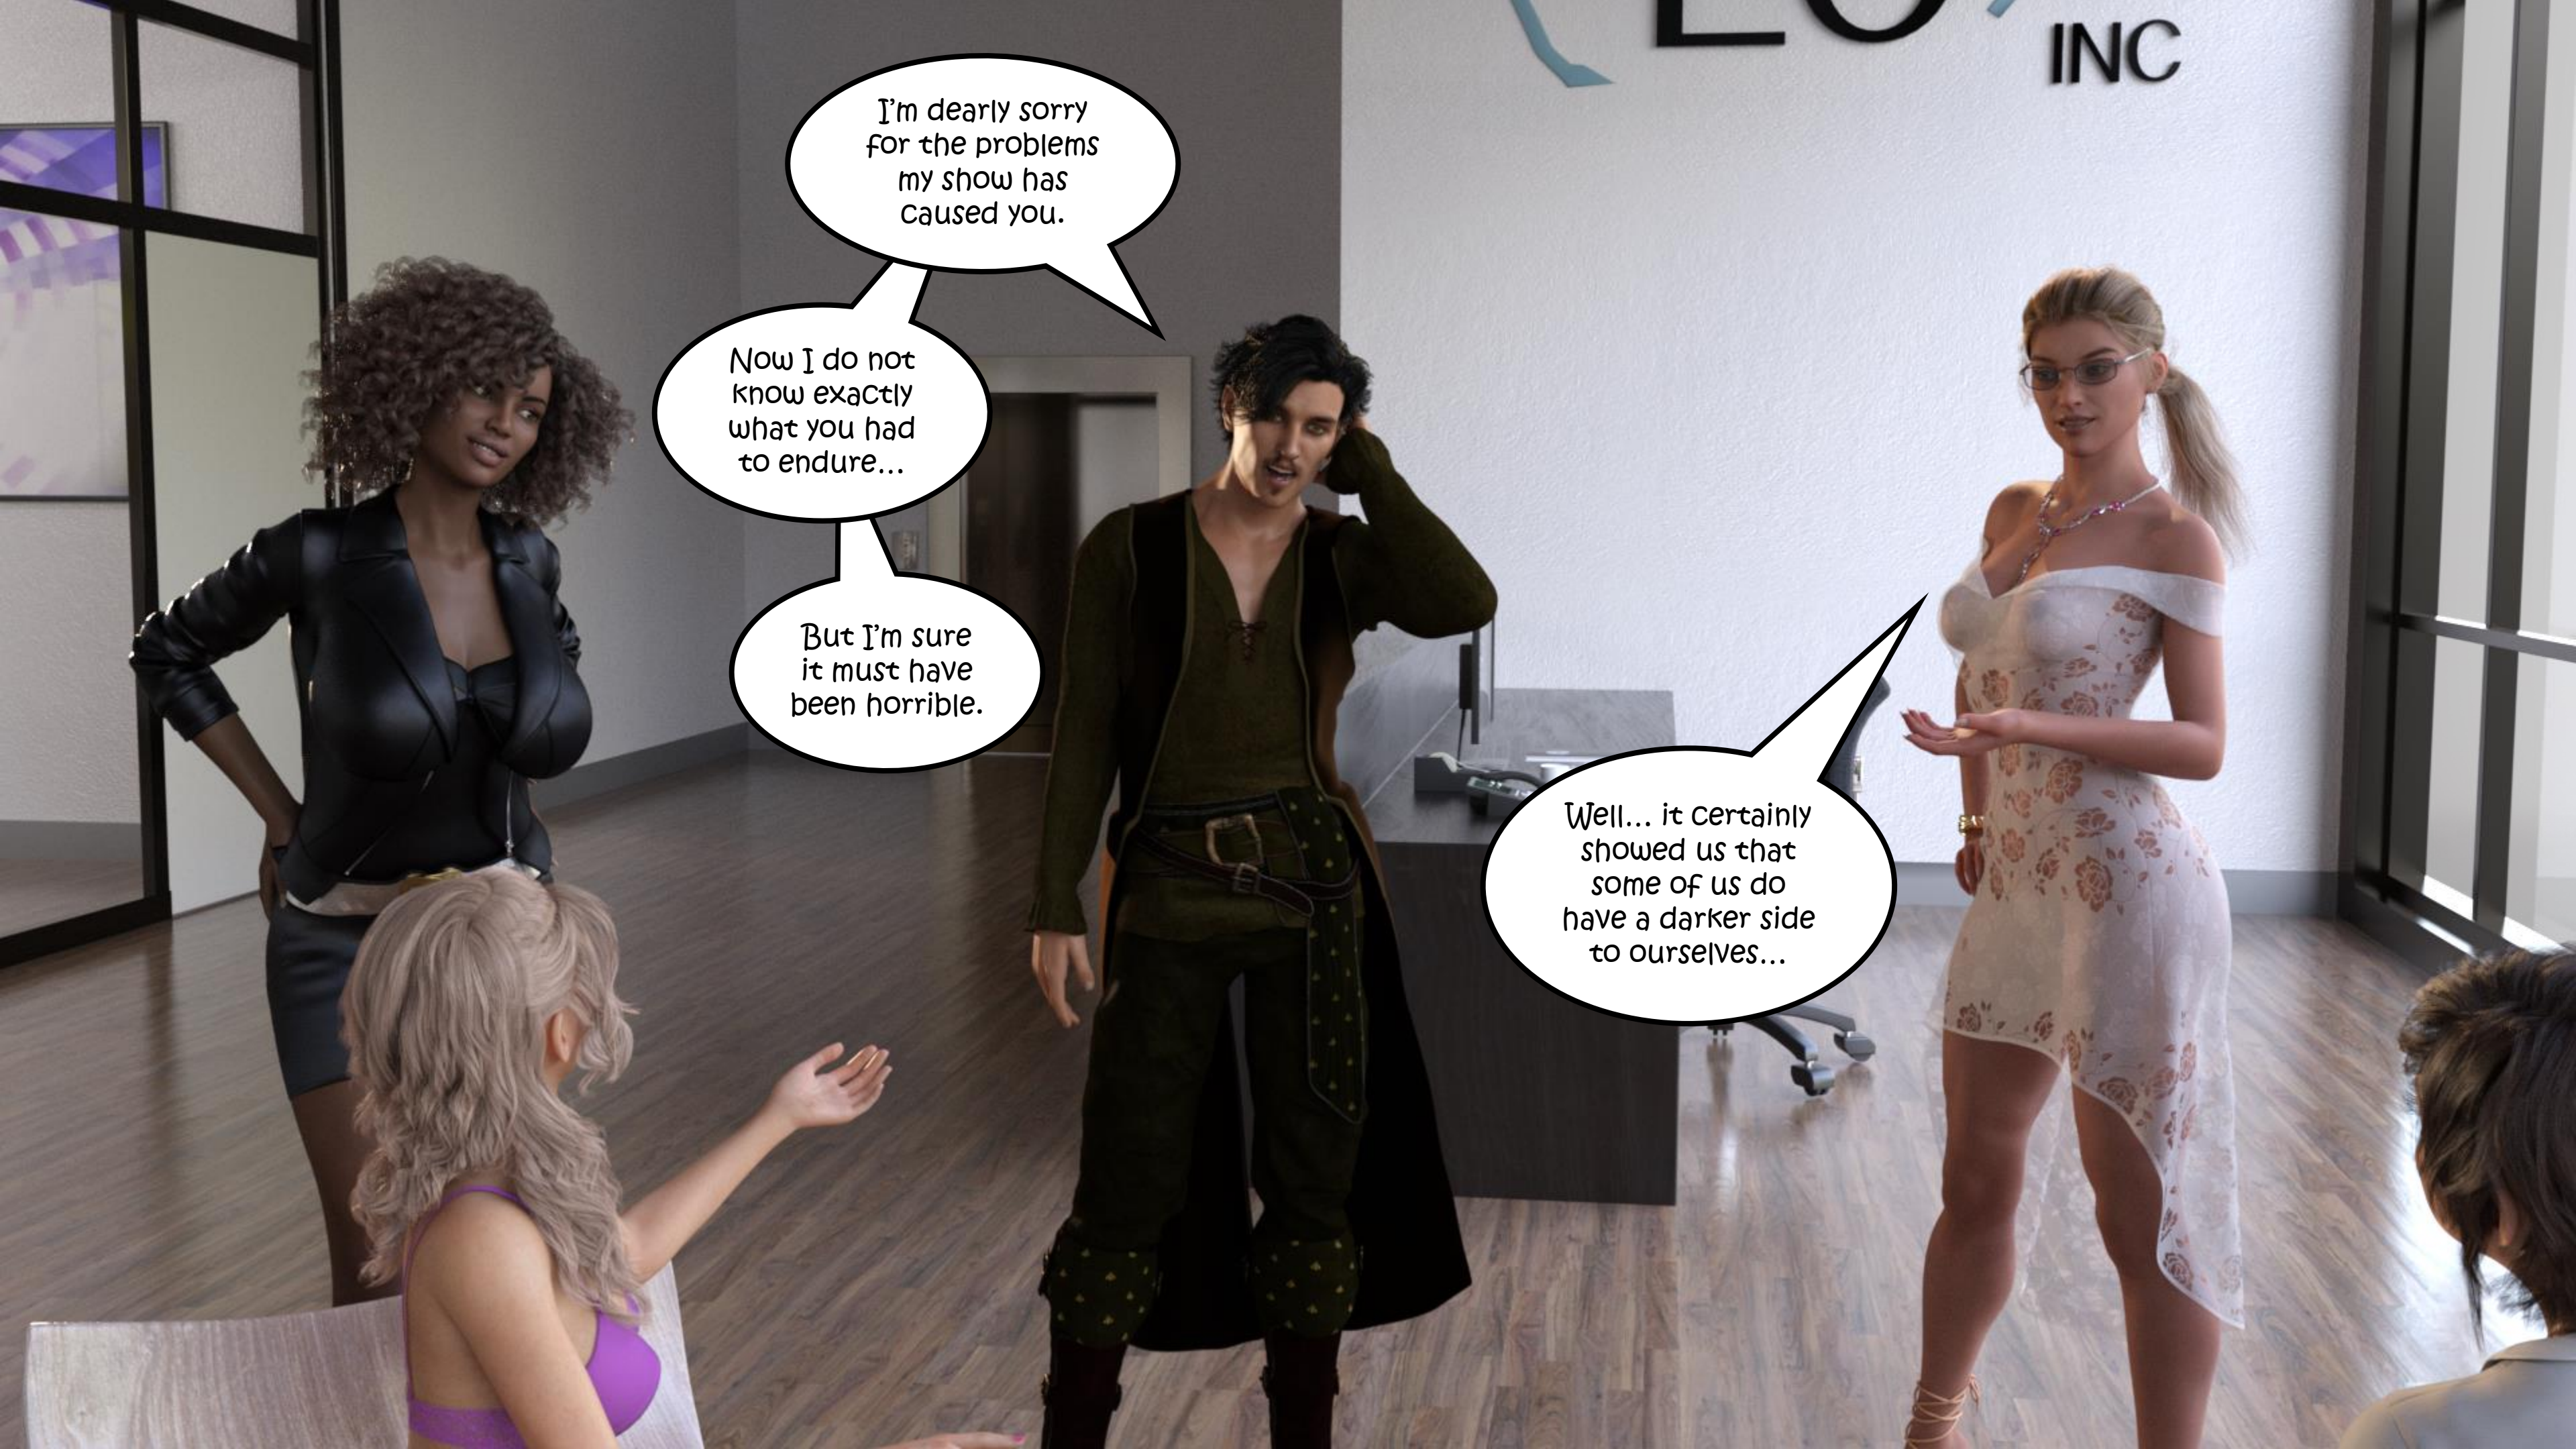

I'm dearly sorry for the problems my show has caused you.

Now I do not know exactly what you had to endure...

But I'm sure it must have been horrible.

Well... it certainly showed us that some of us do have a darker side to ourselves...

This could have gone wrong in so many ways... still not happy about blowing this Marco guy...

But without the suggestions... Dylan and I would have never gotten together, I guess...

Can we get this over with already? I'm starting to think bad thoughts again...

Still don't get all the fuss. Felt all so normal to me...

He's got this clumsy virgin touch to him. Hihi. Cute!

Well... I managed to enjoy myself even with those suggestions...

Still can't get over Lucine jacking me off... that was so hot!

This guy is completely irresponsible!

Don't worry Mister Hypnotist. Not all of it was bad! You really helped me to focus more on work!

Julie!

Yes, thank
you Miss
Julie.

Gulp
Err... Well... I'm
glad to hear that.
Thank you Miss.

Holy fuck,
what is she
wearing!

Where am I
even allowed
to look in this
office?!

All the women
are freakish
hot!

So... how to handle this.

I was thinking to put you under once more and then removing any lingering suggestions from the party.

That should do the tr...

Mister Valentine. Sorry to interrupt. But after the events of said party, there might be some trust issues here.

And we would prefer to have one of us in charge of managing the removal of those suggestions.

Also, some have voiced to keep parts of their suggestions, because they are quite helpful.

And there is only one person I think we can all agree on that we trust. Lucine, will you do us the honors?

Would that be alright, Mister Valentine?

Well... err... I mean... trust is important for the hypnosis to work.

Do you have any experience with that?

Not really. I've read up on hypnosis these past few days, but nothing more.

But with your guidance, I'm sure I could do this.

Well... Alright. Let's do it like that. So, who is first?

That lack of trust... really hurts...

Me!
I want to go first.

But... I'd like some of my suggestions to stay... and it's kinda private.

Can we please not do it in front of everyone?

Errr... of course. I understand.

Do you have a room where...

Please, this way.

While Julie, Lucine, and the hypnotist head for the file cabinet for some privacy and to dehypnotize Julie...

So... I want to not blindly follow my boss's orders anymore.

But can you please add another suggestion that makes me more responsible and confident? I've been a real slob at work until recently!

Also, I want to be more attractive to my boyfriend...

Uff.
Teenage ass! So, hot... I think she's still a teen? No, idea. Fuck! Focus Vincent!

... some of the remaining people turn their thinking to the dark side... Will Charlotte be able to resist her urges? Well, whatever, we are going to stay with Julie's group for the time being :P

Damn it, Julie!

I should have gone first... I don't know... if I can resist those urges much longer...

With Lucine and Julie gone... I could just tell Sayo and Isabel to remember some bullshit story.

Then we could convert Stacey and Dylan easily. And I think I have the perfect solution for his girlfriend as well...

I just need to get James and Marco out of the picture...

Alright, Miss Julie. Are you ready? Do you think you'll be able to relax here?

Yeah. I feel pretty safe with Lucine here.

Just don't get hypnotized yourself or we'll both end up as this guy's sex slaves.

chuckle
No problem, I'll
keep my eyes off
that flame.

Woow! Girls.
I assure you, I
would never do
something so
unethical!

Well, some of us
almost ended up
as sex slaves. So,
you basically did
something this
unethical
already.

chuckle
Just kidding.
Don't let me
tease you.

Let's
do this.

Hm... Sex slaves...

This time I won't be using a candle. Fire regulations and such.

Instead, I brought my pocket watch.

Please focus on the watch and follow it with your eyes only.

Okay.

Please put
your arms to
your sides.

Yes, just
like that.

Now please,
just follow
the watch as
I swing it.

To the
right...

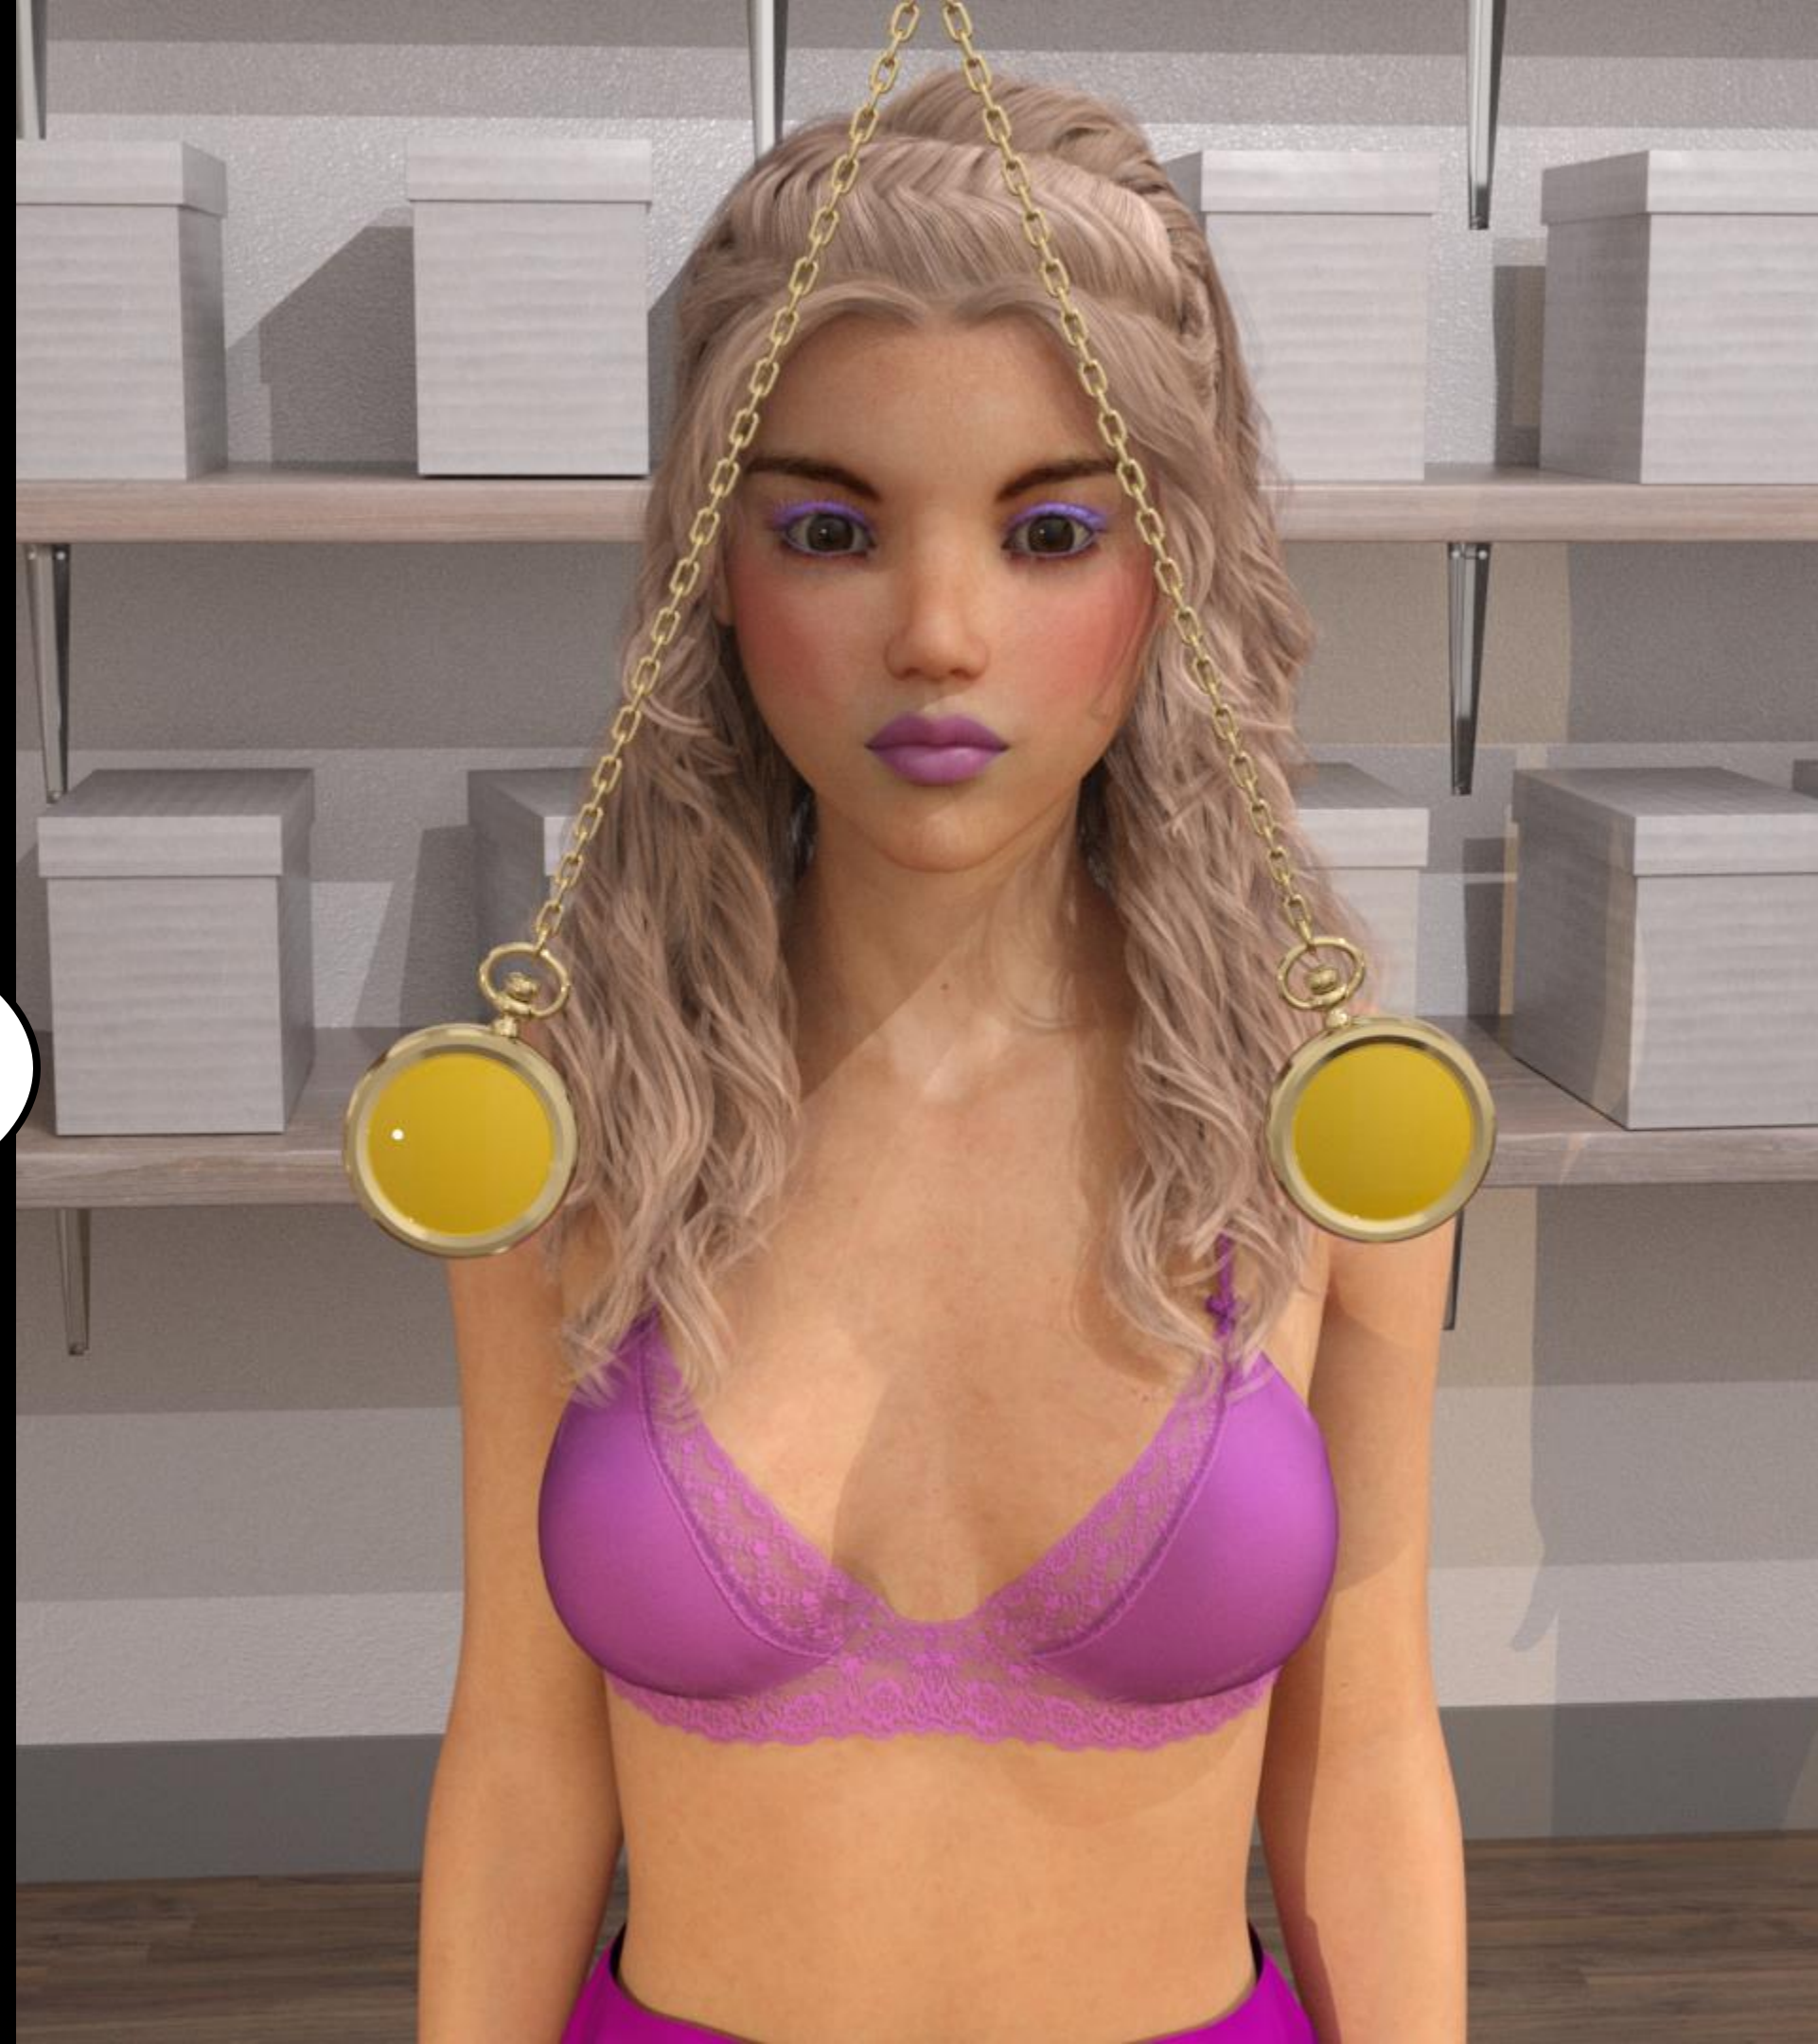

And to
the left.

Focus completely on the watch.

There is only the watch and my voice. Nothing else is important.

It's getting
hard to keep
your eyes
open.

Forget about
any troubles
and let your
mind roam.

You are safe here. And you feel so relaxed.

Let your mind drift.

Let your mind drift.

Now, when it gets too hard to keep your eyes open. You can close them.

Yes. Just like that Julie. You are so deep now.

Your eyes may be closed but you still see the watch before you. *Swinging...*

There is nothing but the watch and my voice.

Now
sleep!

Swap

Can you hear me, Julie?

I can hear you.

You are deeply hypnotized.

And you will follow my instructions.

I am deeply hypnotized.

I will obey your voice.

Alright, Julie.
You will now
listen to Lucine's
voice as if it was
my own.

I'll listen
to Lucine.

Okay... The
stage is yours
Miss Kalington.

Julie, can
you hear
me?

I can
hear you.

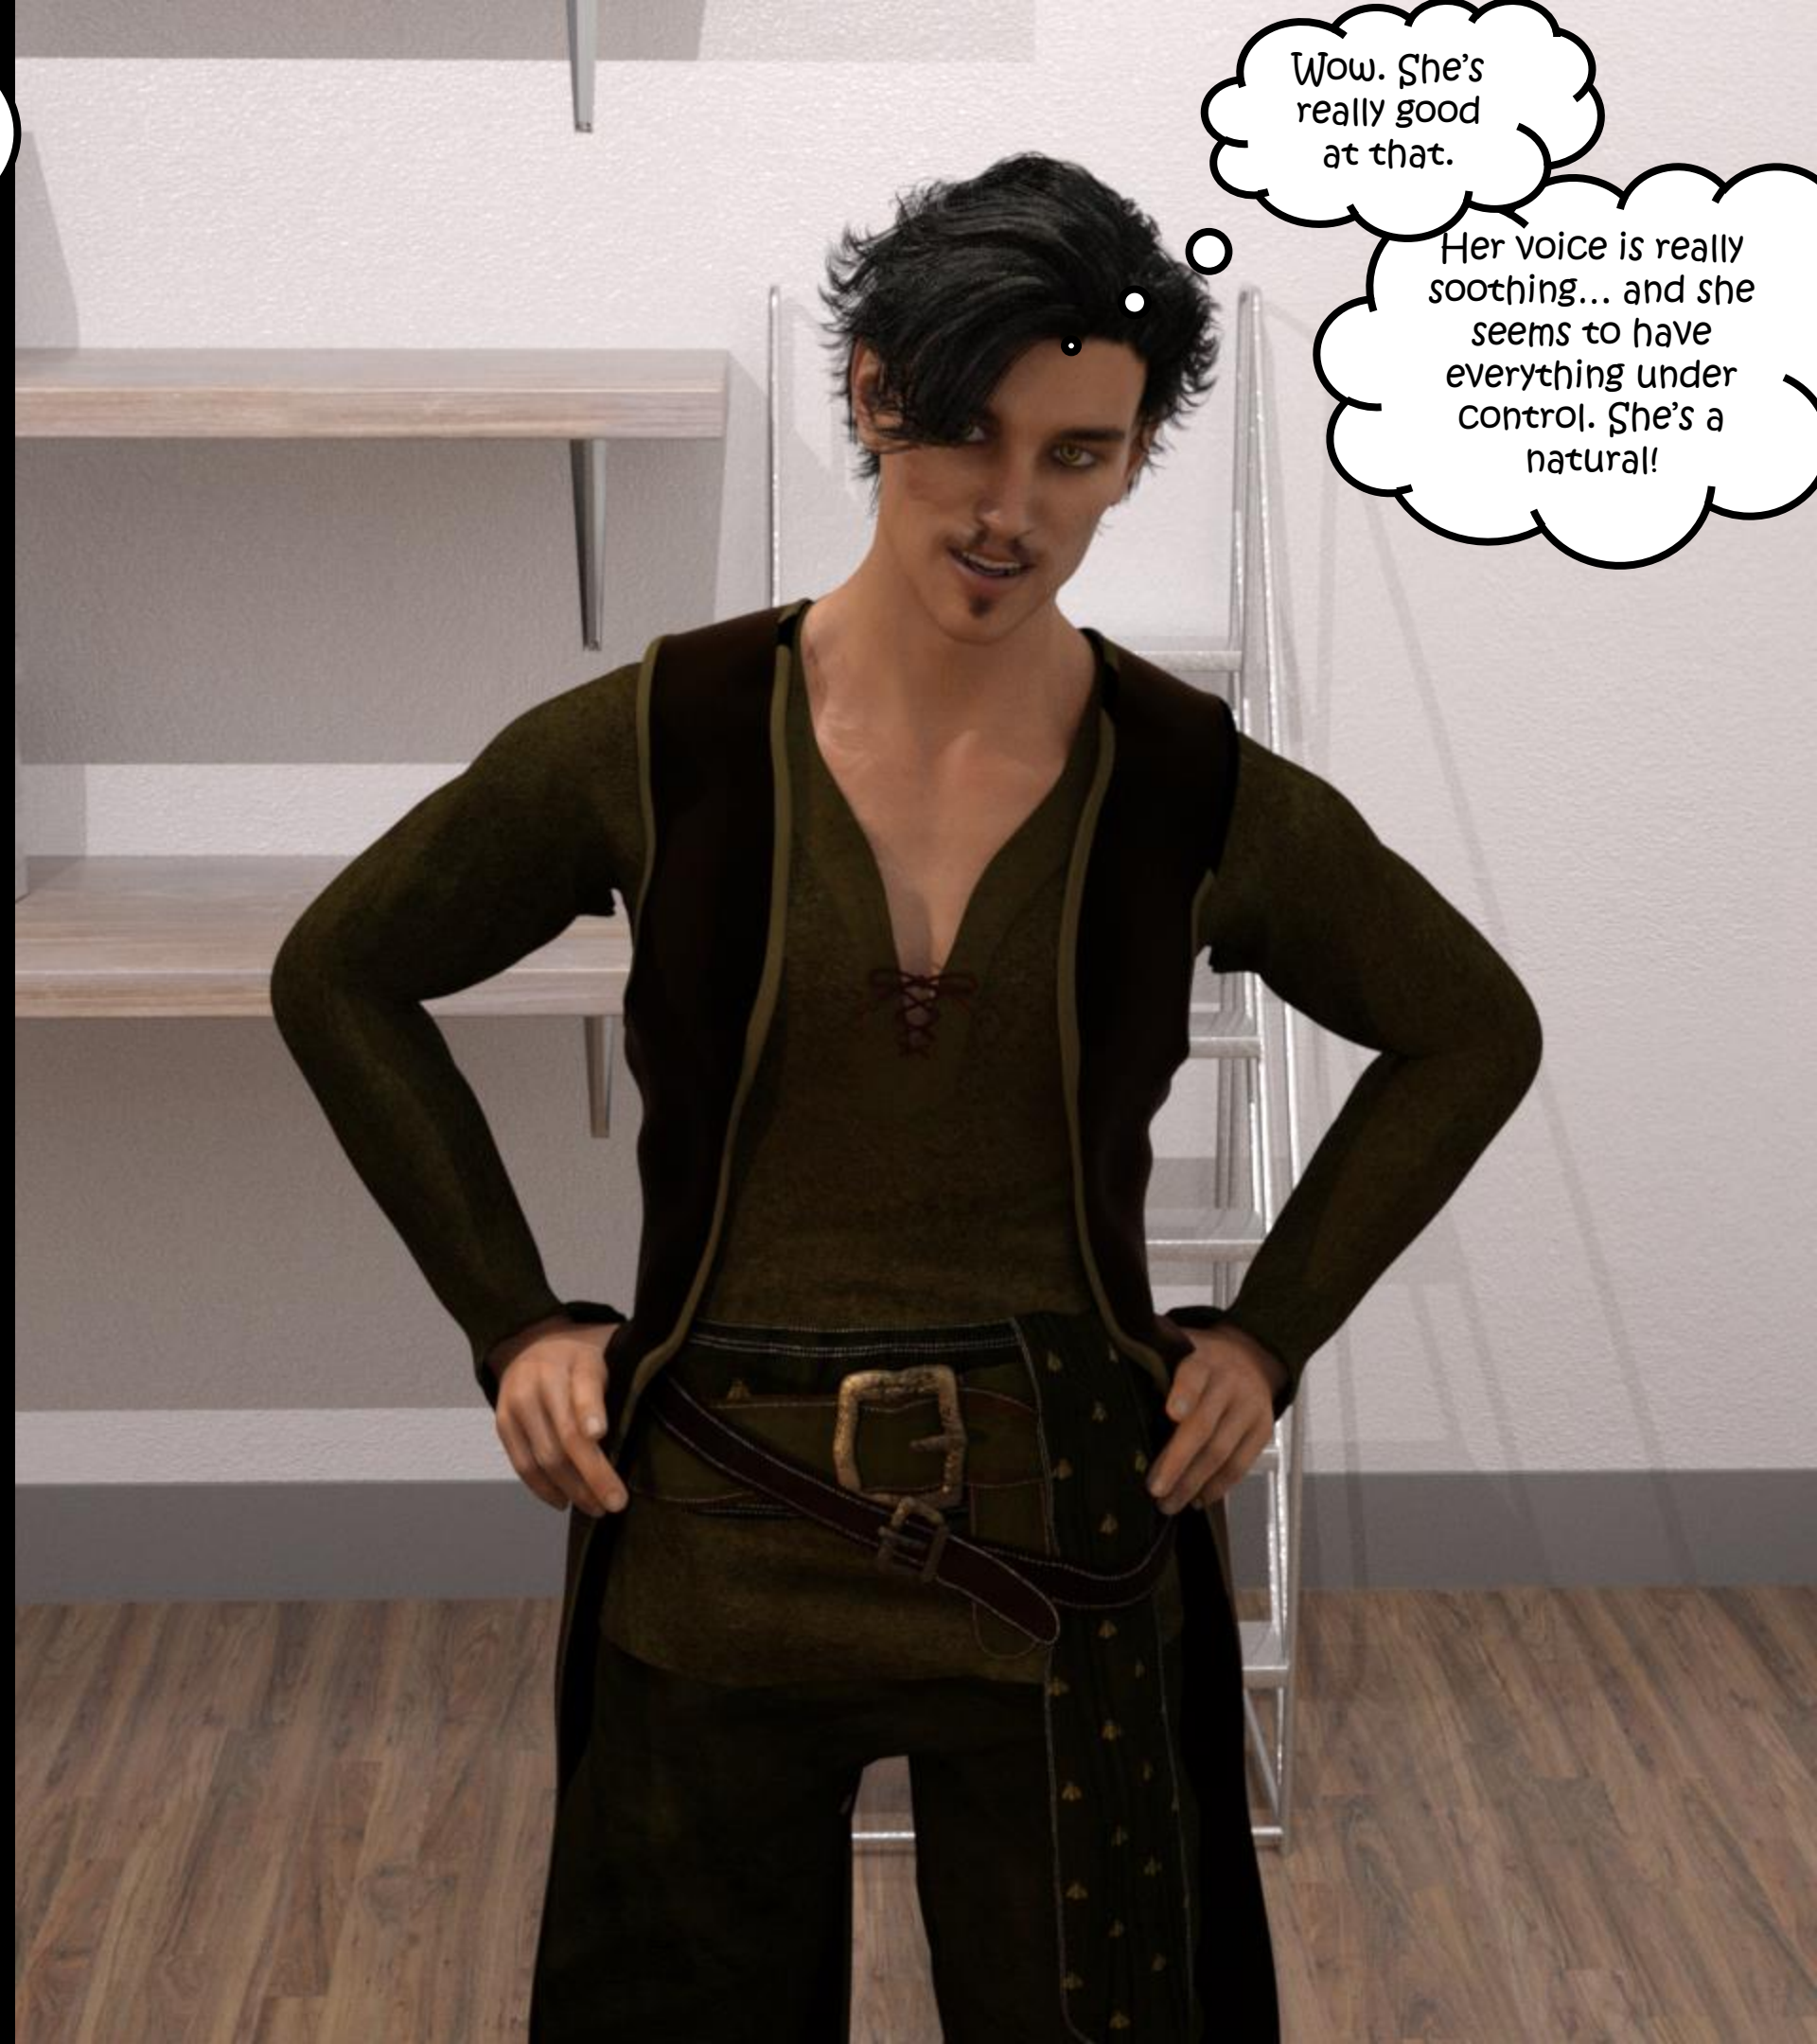

I will now start to deprogram you.

You will follow all of my instructions.

I will follow your instructions.

Good. Now, you will not feel the need to follow office rules to the letter anymore.

You are free to think for yourself on these matters.

Wow. She's really good at that.

Her voice is really soothing... and she seems to have everything under control. She's a natural!

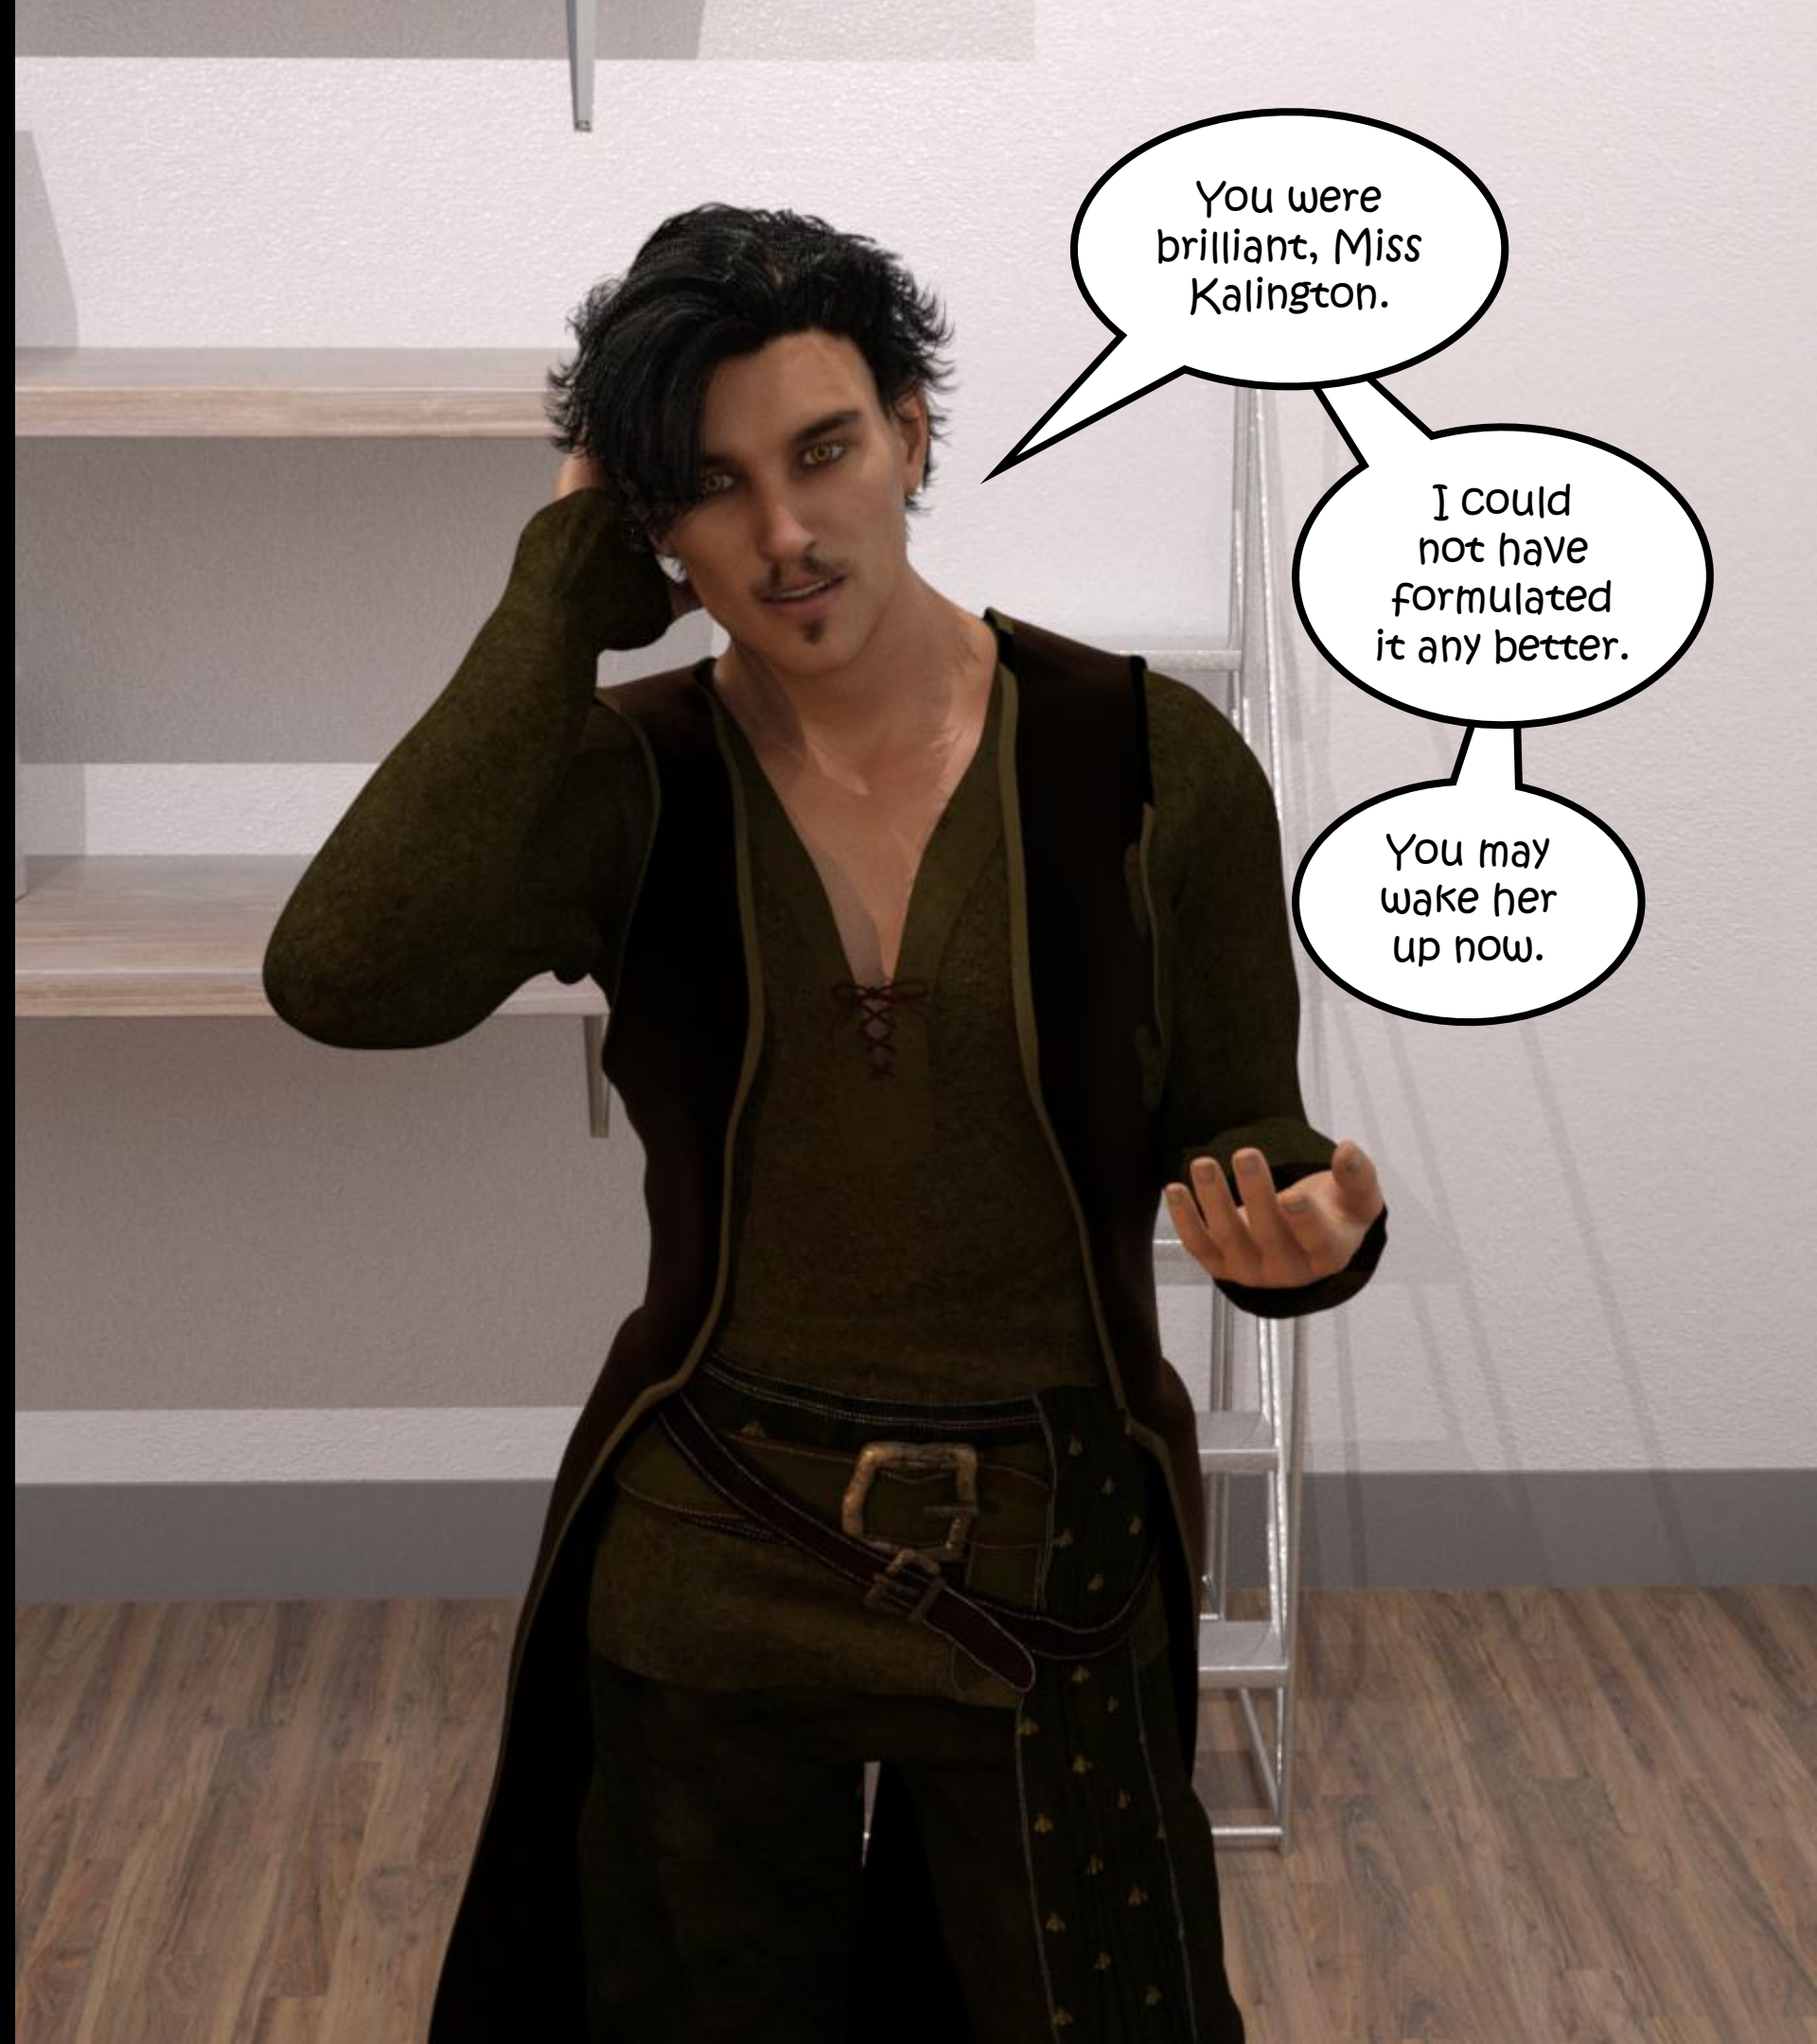

However, from
this day forth
you will value the
work you do.

You will be proud
of being a self-
determined woman
and you will have
the confidence to
back it up.

I will no longer blindly
follow office regulations.
I will be a self-determined
and confident woman
who is proud of the work
she does.

I... I guess that's it. How was I?

You were brilliant, Miss Kalington.

I could not have formulated it any better.

You may wake her up now.

Julie, in a moment I'm gonna snap my fingers.

When I do you will wake up from your trance.

You'll feel refreshed and full of energy.

You'll remember and follow all of the suggestions I've given you during your trance. Do you understand?

Snap

And AWAKE!

I understand.

Uhh...

Oh, my!
Wow!

And how do you feel about Stacey's orders and your current state of dress?

Huh?

O.M.G.!!
I look like a total slut!

I should head home ASAP and get some appropriate clothes!

A bit late for that. Calm down. You've been dressed like that for two days now.

Just wear it proudly until you have an opportunity to change.

Otherwise, the others will just laugh at you running out on them.

You are right, Lucine. Thanks!

I should act more dignified. Even in a situation like this!

Wow. She's like a different person now! I hope her newfound self-confidence does not lead to problems on another end...

You are welcome, Julie...

Alright, you guys. Let's show the others it has worked!

Thank you so much, Mister Valentine.

Now I can finally be the woman I've always wanted to be.

Now, what do the three of them see when they exit the file cabinet once again? ...

kiss

kiss

suck

moan

lick

Among the others talking and waiting around they see Charlotte who seems to be having a daydream of some sort...

Mhh...
Control...
Love... being...
in charge...
moan

Yo,
Charlotte?
You okay?

Err...
Yeah. Just
had a nice
daydream.

You sure it worked?

Yeah!
We should test that out!

Hm...

Well, Stacey.
Tell her some bullshit work regulations.

With all due respect boss but **FUCK OFF!** 2

Julie! What are you wearing? "Pink day" is over. You need to be naked to be more productive. 1

chuckle

Happy to hear that, Julie. Welcome to the office a new. **2**

I won't be that stupid girl you used to know any longer! **1**

But I will become a colleague you can rely on!

That new attitude sounds ridiculous with the way she is dressed. *chuckle*

Yes! I Want you to come with me though.

Isn't that great? It worked!

Alright guys. Enough chit-chat. We still got a long way to go.

Julie has been freed of the suggestion.

Who's up next?

I should probably get it over with already...

I'll go next.

I don't mean any disrespect, but I don't know you.

So, I want Dylan to come with me.

Let's go.

Sure, no problem.

To be continued...

Hello, Hexxet here.

This and the next chapter were planned as one, but it turned out that I need too many pages, so I split it into two parts. So, the next chapter will continue where this one ends – with Nicole being about to be hypnotized in the file cabinet. Let's hope Charlotte does not go haywire in the meantime!
