Quest part 1 – Getting the quest.

Shawn thought that many people weren't aware of their generous volunteering at the BJ shack so he had the idea to have you give out brochures to interested guys around Piratetown.

Quest part 2 – Finding all the guys.

You found 3 interested guys around the Piratetown and told them about the shack. The word should get around and Shawn should have more visitors coming to the Shack now. The only thing left is going back and updating Shawn of the progress.

Quest part 3 – Talking with Shawn again.

You told Shawn about spreading the word of his shack. He was very pleased with your efforts and offered to blow your dick. What a nice reward for your hard work.
