This sketchbook
contains:

-self harm scars: pg 10, 13

(It's always just Billie in underwear,
not a focus of the art.
I have forgotten to tag sometimes,
sorry -_-!)

-Blood: pg 18

It was trans awareness week recently, so I figured I'd draw these three!

Trying Sylvia's old clothes!

I was tearing up
my SB page trying
to get this pose

traced it :3

Trying to move from one thing to another is unreasonably difficult. Getting into bed, getting out of bed, out of the car etc.

I'm tired and I want to go to bed but instead I refresh twitter over and over and see nothing new.

Go to bed

Goodnight ...

...

You don't have to be nice to me.

If you're doing this stuff because you feel sorry for me-

That's not what I want...

You think I'm being nice?

...

Shall I tell you what I want?

nod

I want more than you can give -

More than I should take.

I want to remember how your lips feel on mine -

I want to know if you taste the same.

I want to make you forget every lover you've ever had -

I want everyone to know that you're mine.

I once again got carried away...so this comic will be out next month (!?)

I might release it early
if I finish it sooner!

It was going to be a sketchy little thing,
but then I decided to ink it XD

Thanks for reading!
