

Apologize?

Why do I have to apologize?

Are you serious?

You tried to break his right arm!!

You could've crippled him for life!!

Just apologize and pray they don't press charges!

But..

I was just.. trying to help.

He told me he wished he was left-handed..

Just apologize!

I hate it..

I hate apologizing, but I couldn't bring myself to tell him Mashiro's true motives.

And despite how much I don't want to admit it, what Mashiro said was true.

It's better if I took care of this quietly

Cherie has enough on his plate as is

He deserves a break.

He deserves a vacation.

That's why I need this trip to happen

No matter what.

And I still have a ring to make..

Mashiro..

I'd like to apologize

..What?

I got physical with you yesterday because I found out you knew about my history..

And I was worried that you would tell the others about it.

It doesn't excuse what I did, but..

Is that what he told Cherie?

I'm sorr-

Alright, I'm gonna stop you right there.

Bow

I forgive you, we're good

Wait, really?

Just like that?!

Yeah, it's not like it's my first time being threatened anyways.
