

I..

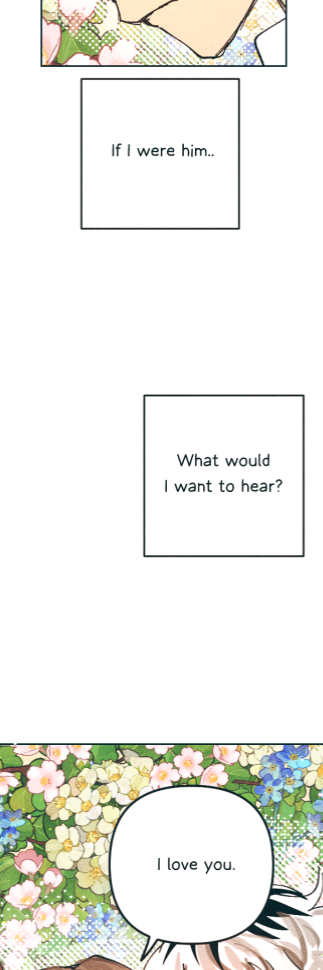

I'm the love of your life..?

What is making him so insecure..? I've never seen Crush like this.

It's not that he doesn't believe me,

He doesn't believe in himself.

What has gone so wrong in your life

that made you this terrified of being loved?

If I were him..

What would I want to hear?

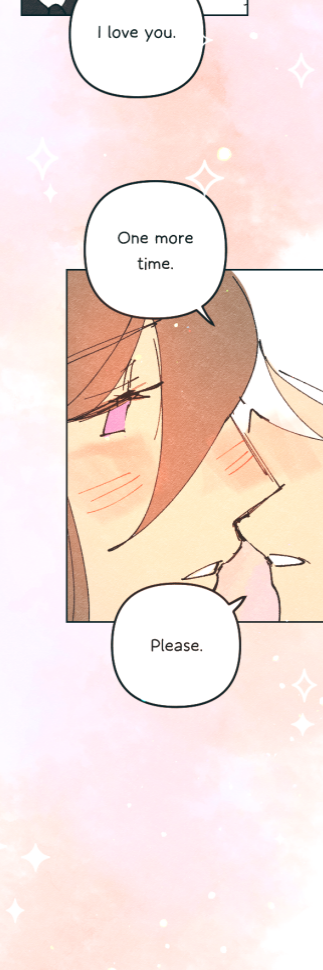

I love you.

I love you, Crush.

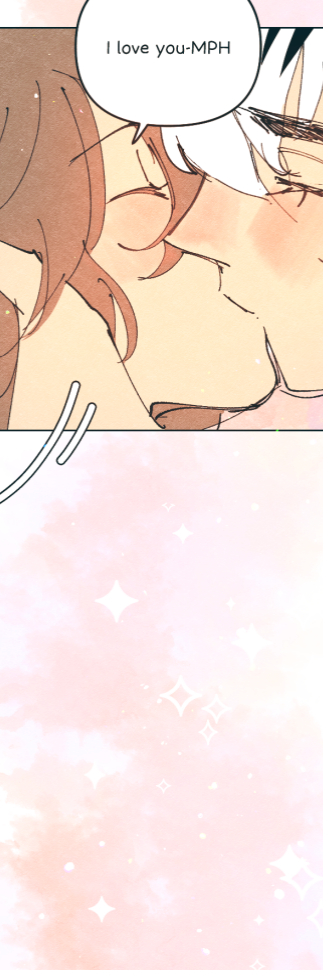

HUG

Why..

I love you.

I'll just keep saying it 'til you believe me.

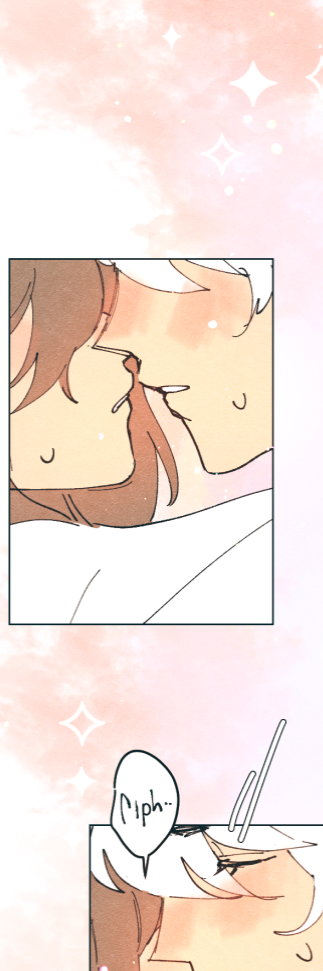

I love you.

Say it again.

I love you.

One more time.

Please.

I love you-MPH
