

Looks like it's gonna rain..

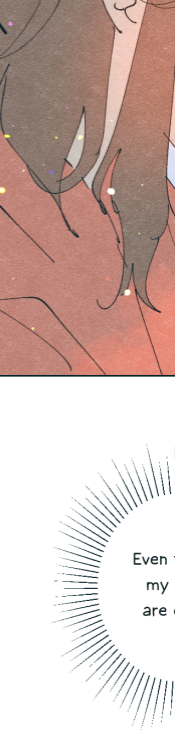

The weather forecast did say there's a typhoon coming..

Do you want me to run back in the store to grab an umbrella?

If you don't mind.

Not at all!

Strawberry, huh..

How many times has he lied for my sake?

If I hadn't asked, would he have told me?

I still feel like there's still walls between us..

Even though my walls are down.

He never lowers his.

Ahhh.. This is the last one??

I guess we can share..

I'm sorry, sir. Our shipment was late because of the weather..!

Plus, the news about the typhoon really got everyone panic buying, haha..

I understand.

Just ring me up for this one, thank you.

That'll be XX dollars, sir.

Typhoon, huh?

It's gonna be rough for you, isn't it?

You think one umbrella is enough?

Huh?

Hi, Crush.

You look well.

...

... You forgot what I looked like, didn't you?

Whaaaaat? no.....

It's just.. It's been what? 3 years?

After Hawthorn, yeah.
