

1.

Phew, I finally made it home... I was surprised when the old man suddenly approached me. But is this really "that"? The smell is like regular milk, and it's nicely chilled... I guess it's okay to try a little, right?

2.

Huh, w-wait, just a sip, and my chest feels tight... Aaah! M-my clothes...!

3.

W-wait, this is dangerous...! It's, ugh, heavy... I wonder if real people really like such big breasts?

4.

sigh There's no use thinking about it. Let's quickly take a bath... My body feels hot, and something feels strange...

5.

In my head, all I can think about is the milk I just drank... What's going on... sigh, sigh...

6.

But it's not bad for your health... A little more, a little more... !
Ugh... It's not enough to do it alone...

7.

Oh yeah! My breast is bigger... ! The effect of this is still strange, ah! ? Even breast milk! ?
Damn it!

8.

This is how breast milk comes out... In a good mood... I want to give it to the Mahito

9.

Oh, come on... Oh, no! No way, I can't go like this... MMHMM!
Ha, ha ♡ this effect is half drunk... Oh my god!
