BRIDGE

131 F G G C D G

The world likes to con vince us that we should all_ climb trees So

some-times fish don't re - a - lize how awe-some fish_ can be. So next time you

see some one at the bot tom_ of a tree, pass a long_ this mes-sage from those fish and me:

PRE-CHORUS

Be the fish that says Hey! You! It's to - ta - lly true we fish aren't great at

climb-ing, but that does n't mean that we aren't great at swim-ming jump-ing fly-ing. The

world is full of fish like us once climb-ing to fit in, but po - ten tial turns suc - sess-ful when

CHORUS

we learn how to swim. So when you get dis-cour-aged, try diff - erent try a-gain. 'Cause

fail-ing might just mean you're trying to climb in - stead of swim.
