3. In the second transformation step the transformation of the body into a four legged position
4. the transformation of the hands an feet into big fuzzy paws with big claws and raw leatherly pads

**Main Character:** Bella, a young demon hunter (please see picture below)

**Animal:** A three-headed demonic hellhound.

**Plot:** Bella, a young demon hunter, is in a crypt and has killed a three-headed hellhound in its lair. Not knowing that the owner of this creature is very close by and is taking her to justice. He forces the flaming chains of the deceased Hellhound on her and transforms her in the first step into a three-headed anthro Hellhound. Realizing that the newly created "puppy" does not want to obey the Master, he transforms her in a second step into a more muscular form of this being and forces her into a four-legged position. During this second phase of the transformation, monstrous spines grow along the spine to around the end of the tail.
