

I don't understand

I thought that
my silence would
calm her down

But I ended up
making her cry

It was so sudden
that I couldn't say
anything

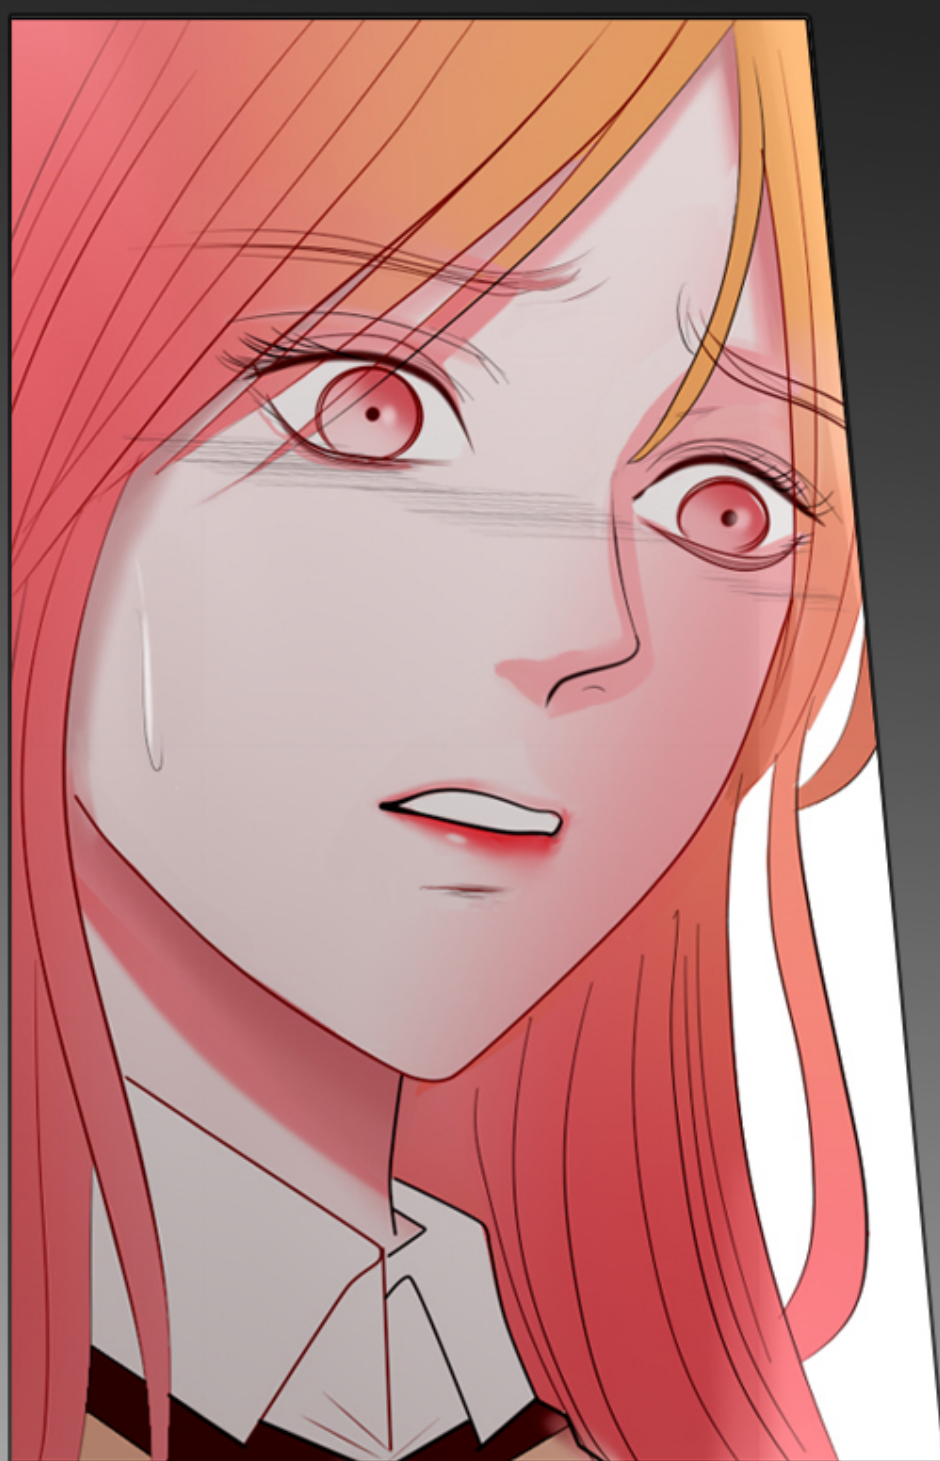

The sound of
her crying,
All of her words.

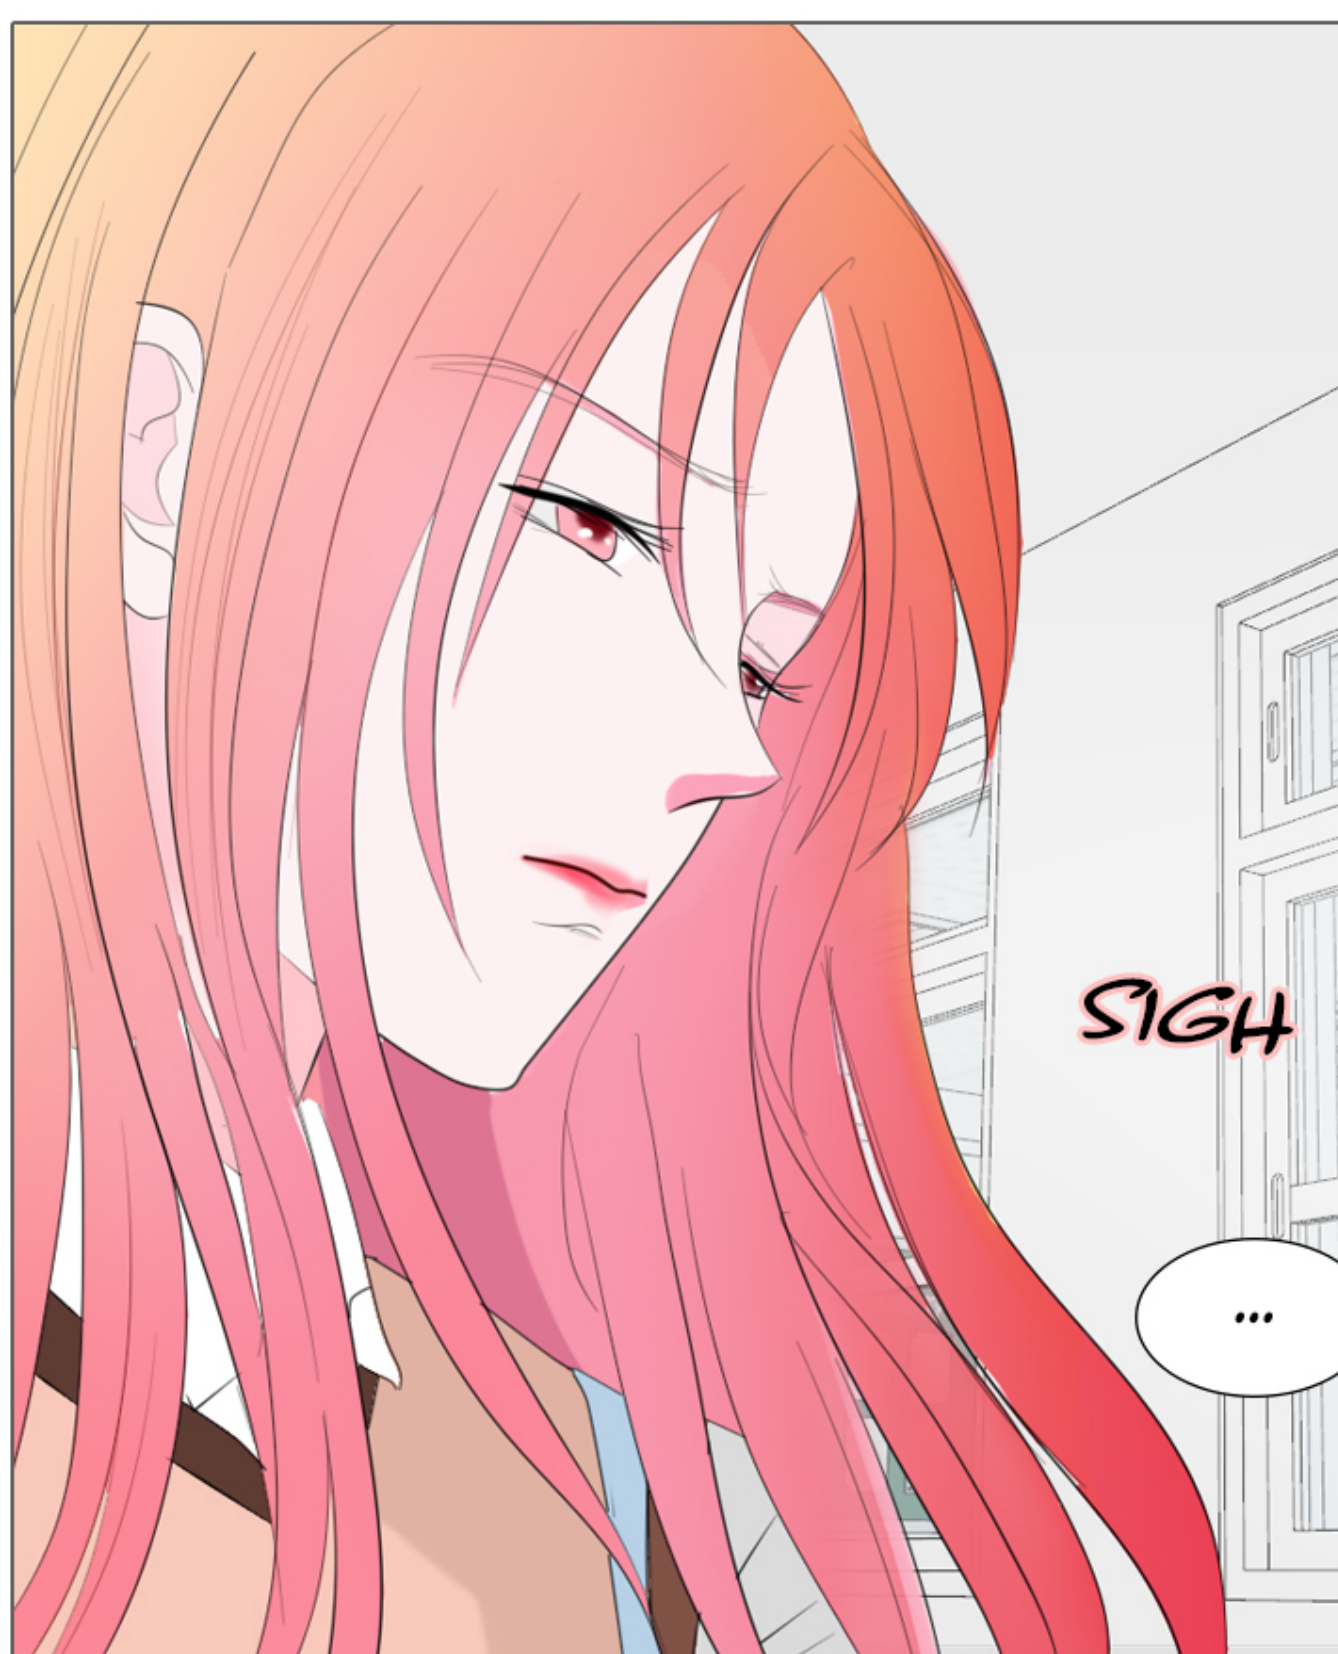

They
echoed painfully
in my head

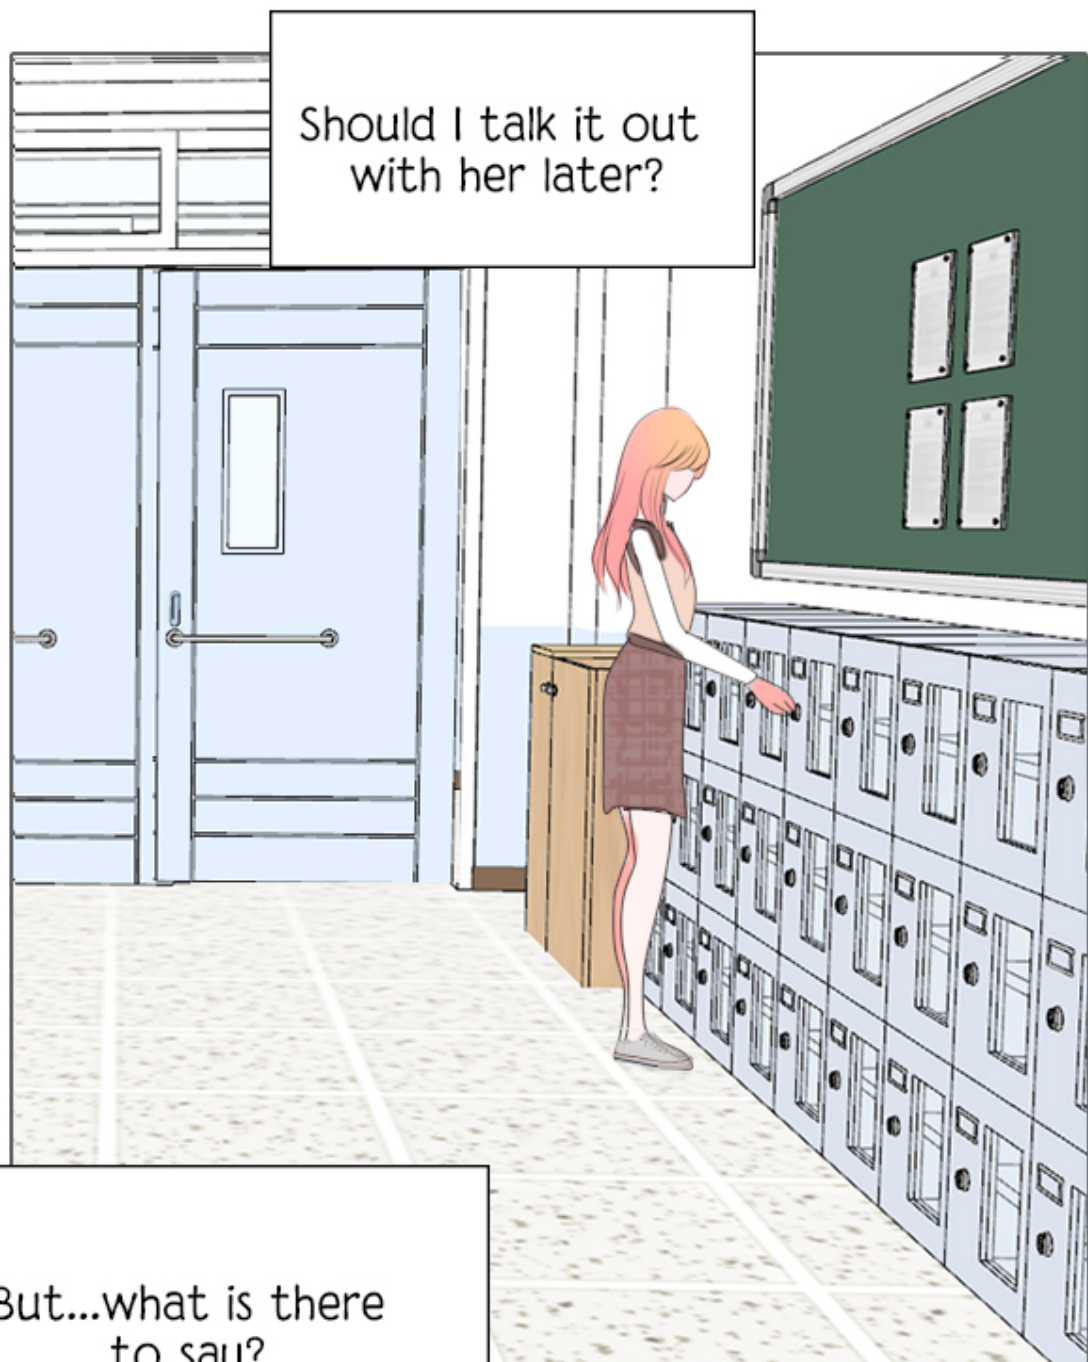

I CAN'T
CONTINUE THIS
RELATIONSHIP WITH
YOU ANYMORE..

It's terrible the moment I realized
I'd hurt her this badly

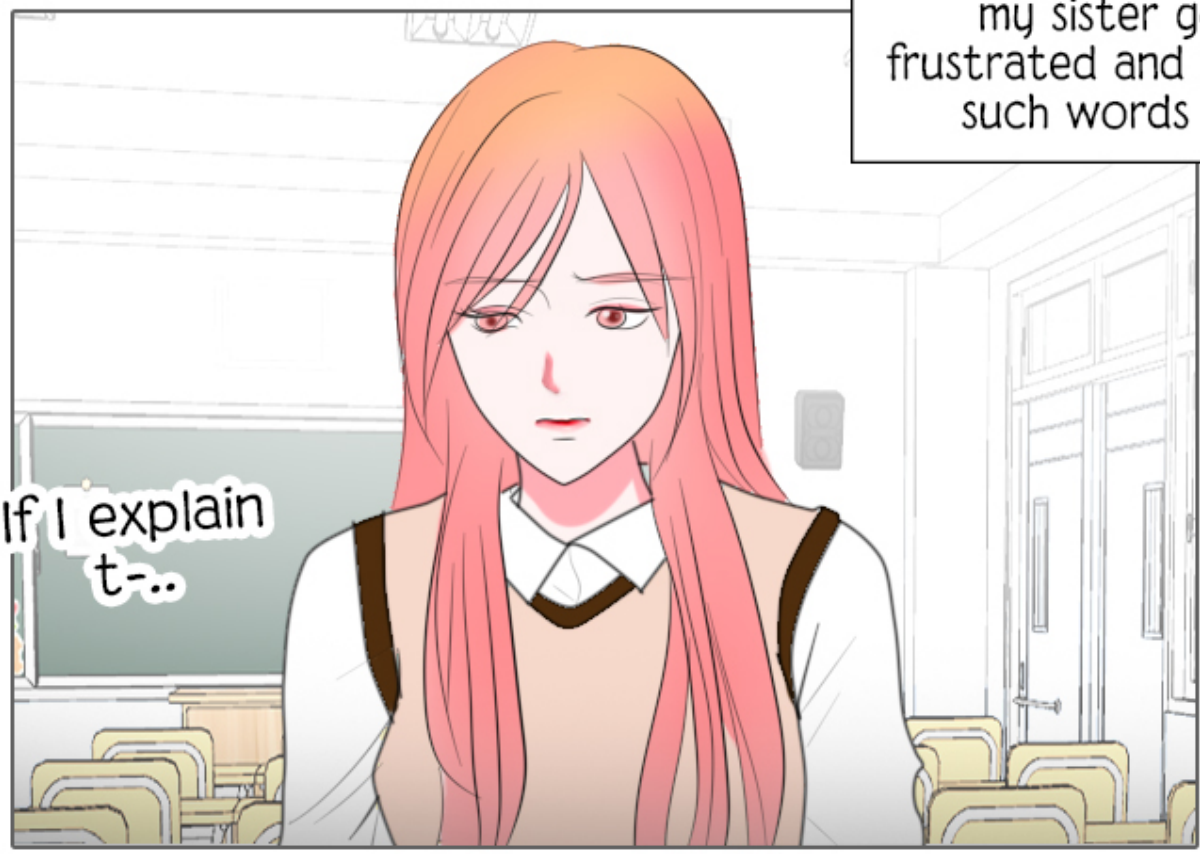

But...what is there to say?

Now If I said I didn't approach her for fun, wouldn't I look more like a hypocrite?

I can't tell her the thought of teacher possibly being my sister got me frustrated and burst out such words either

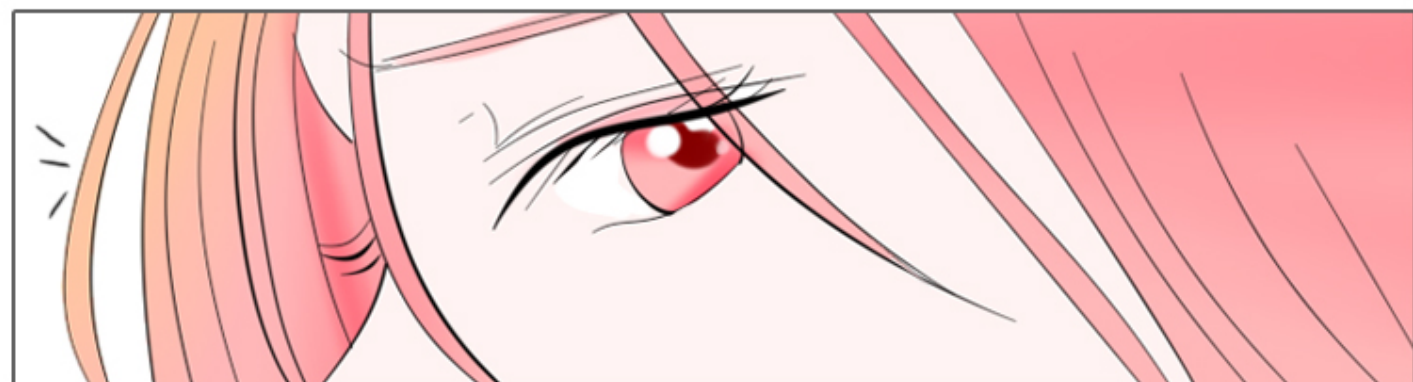

No. Why should I explain?

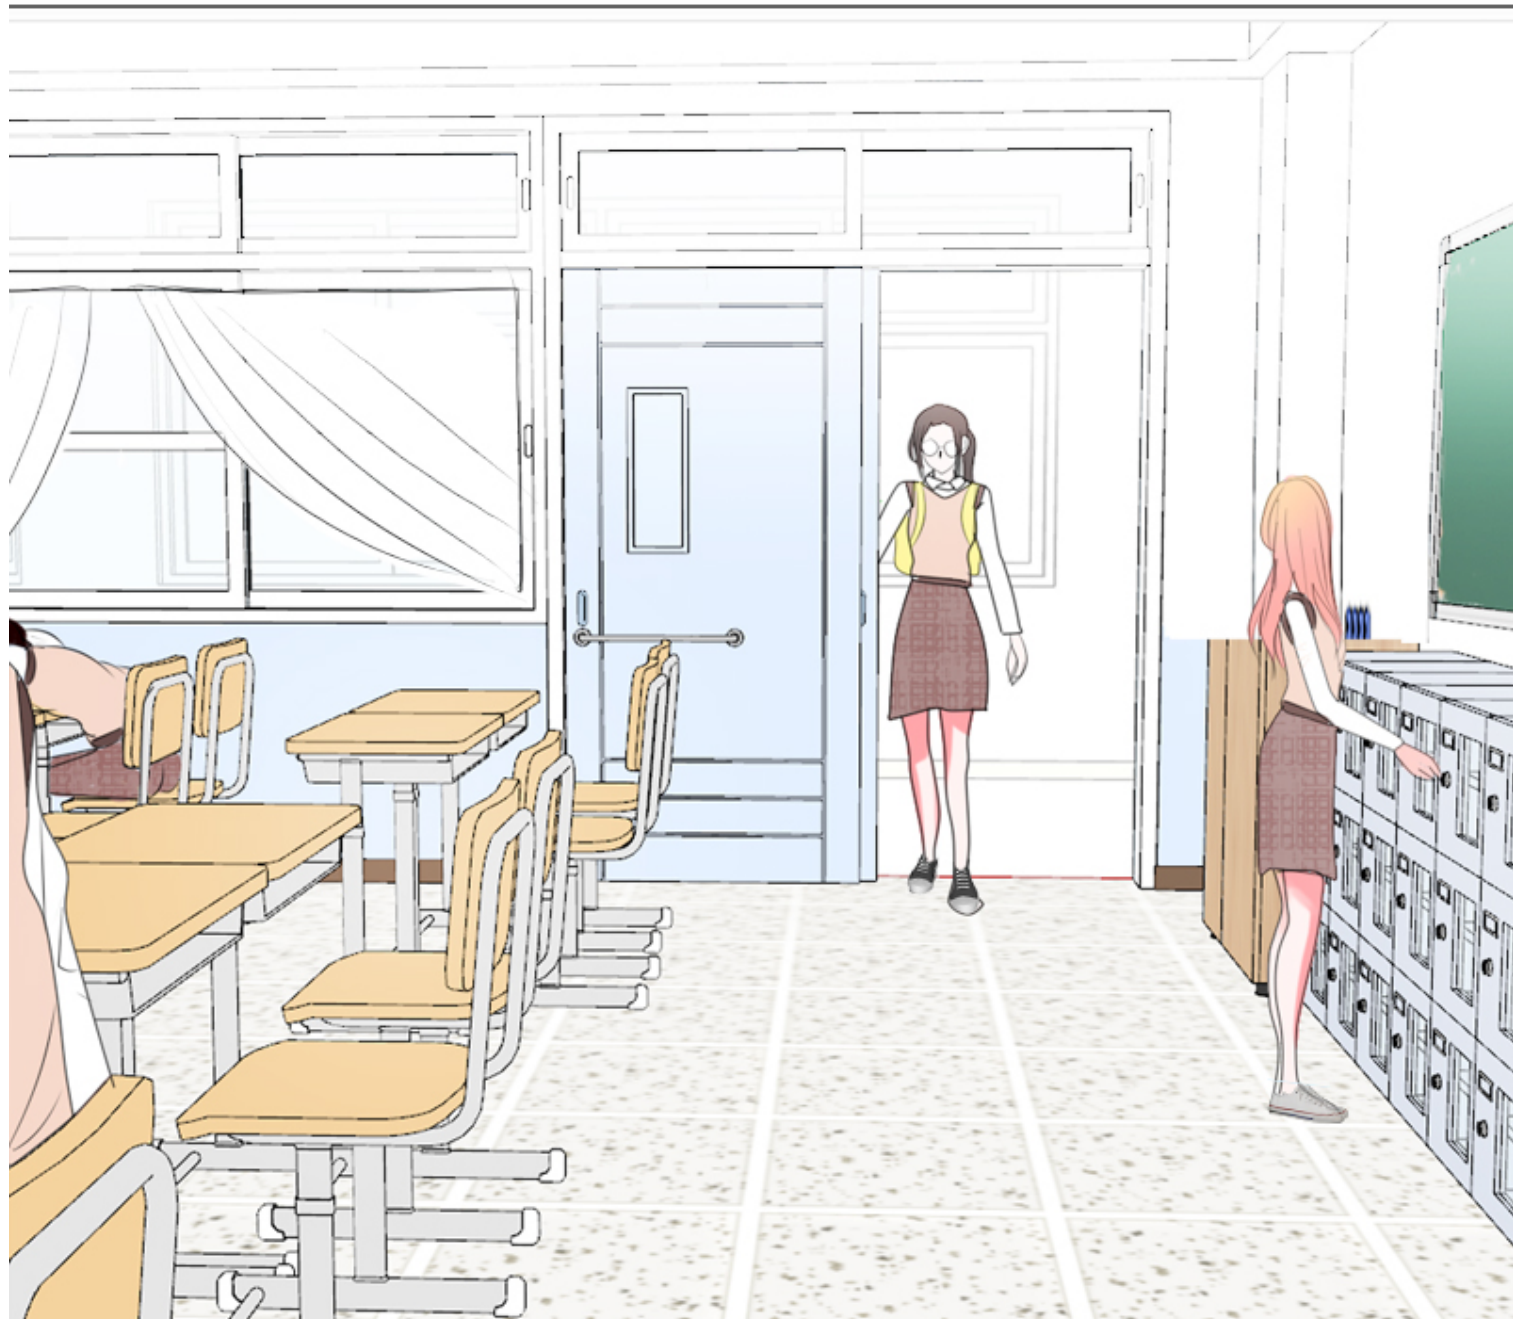

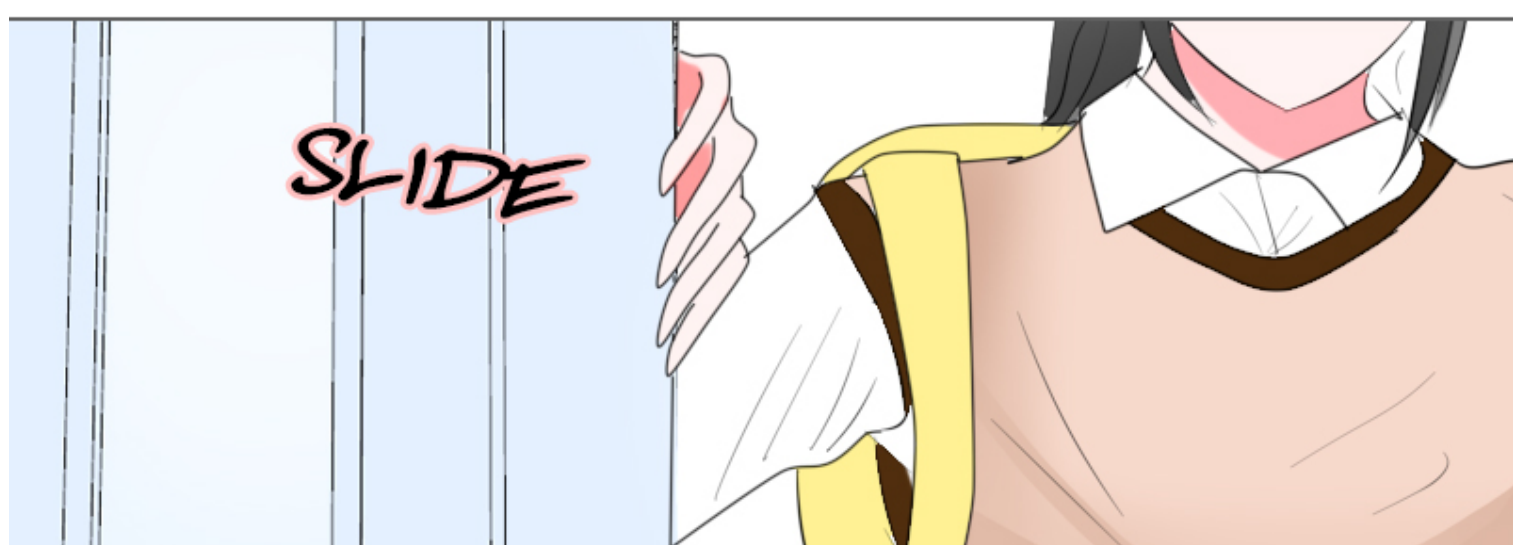

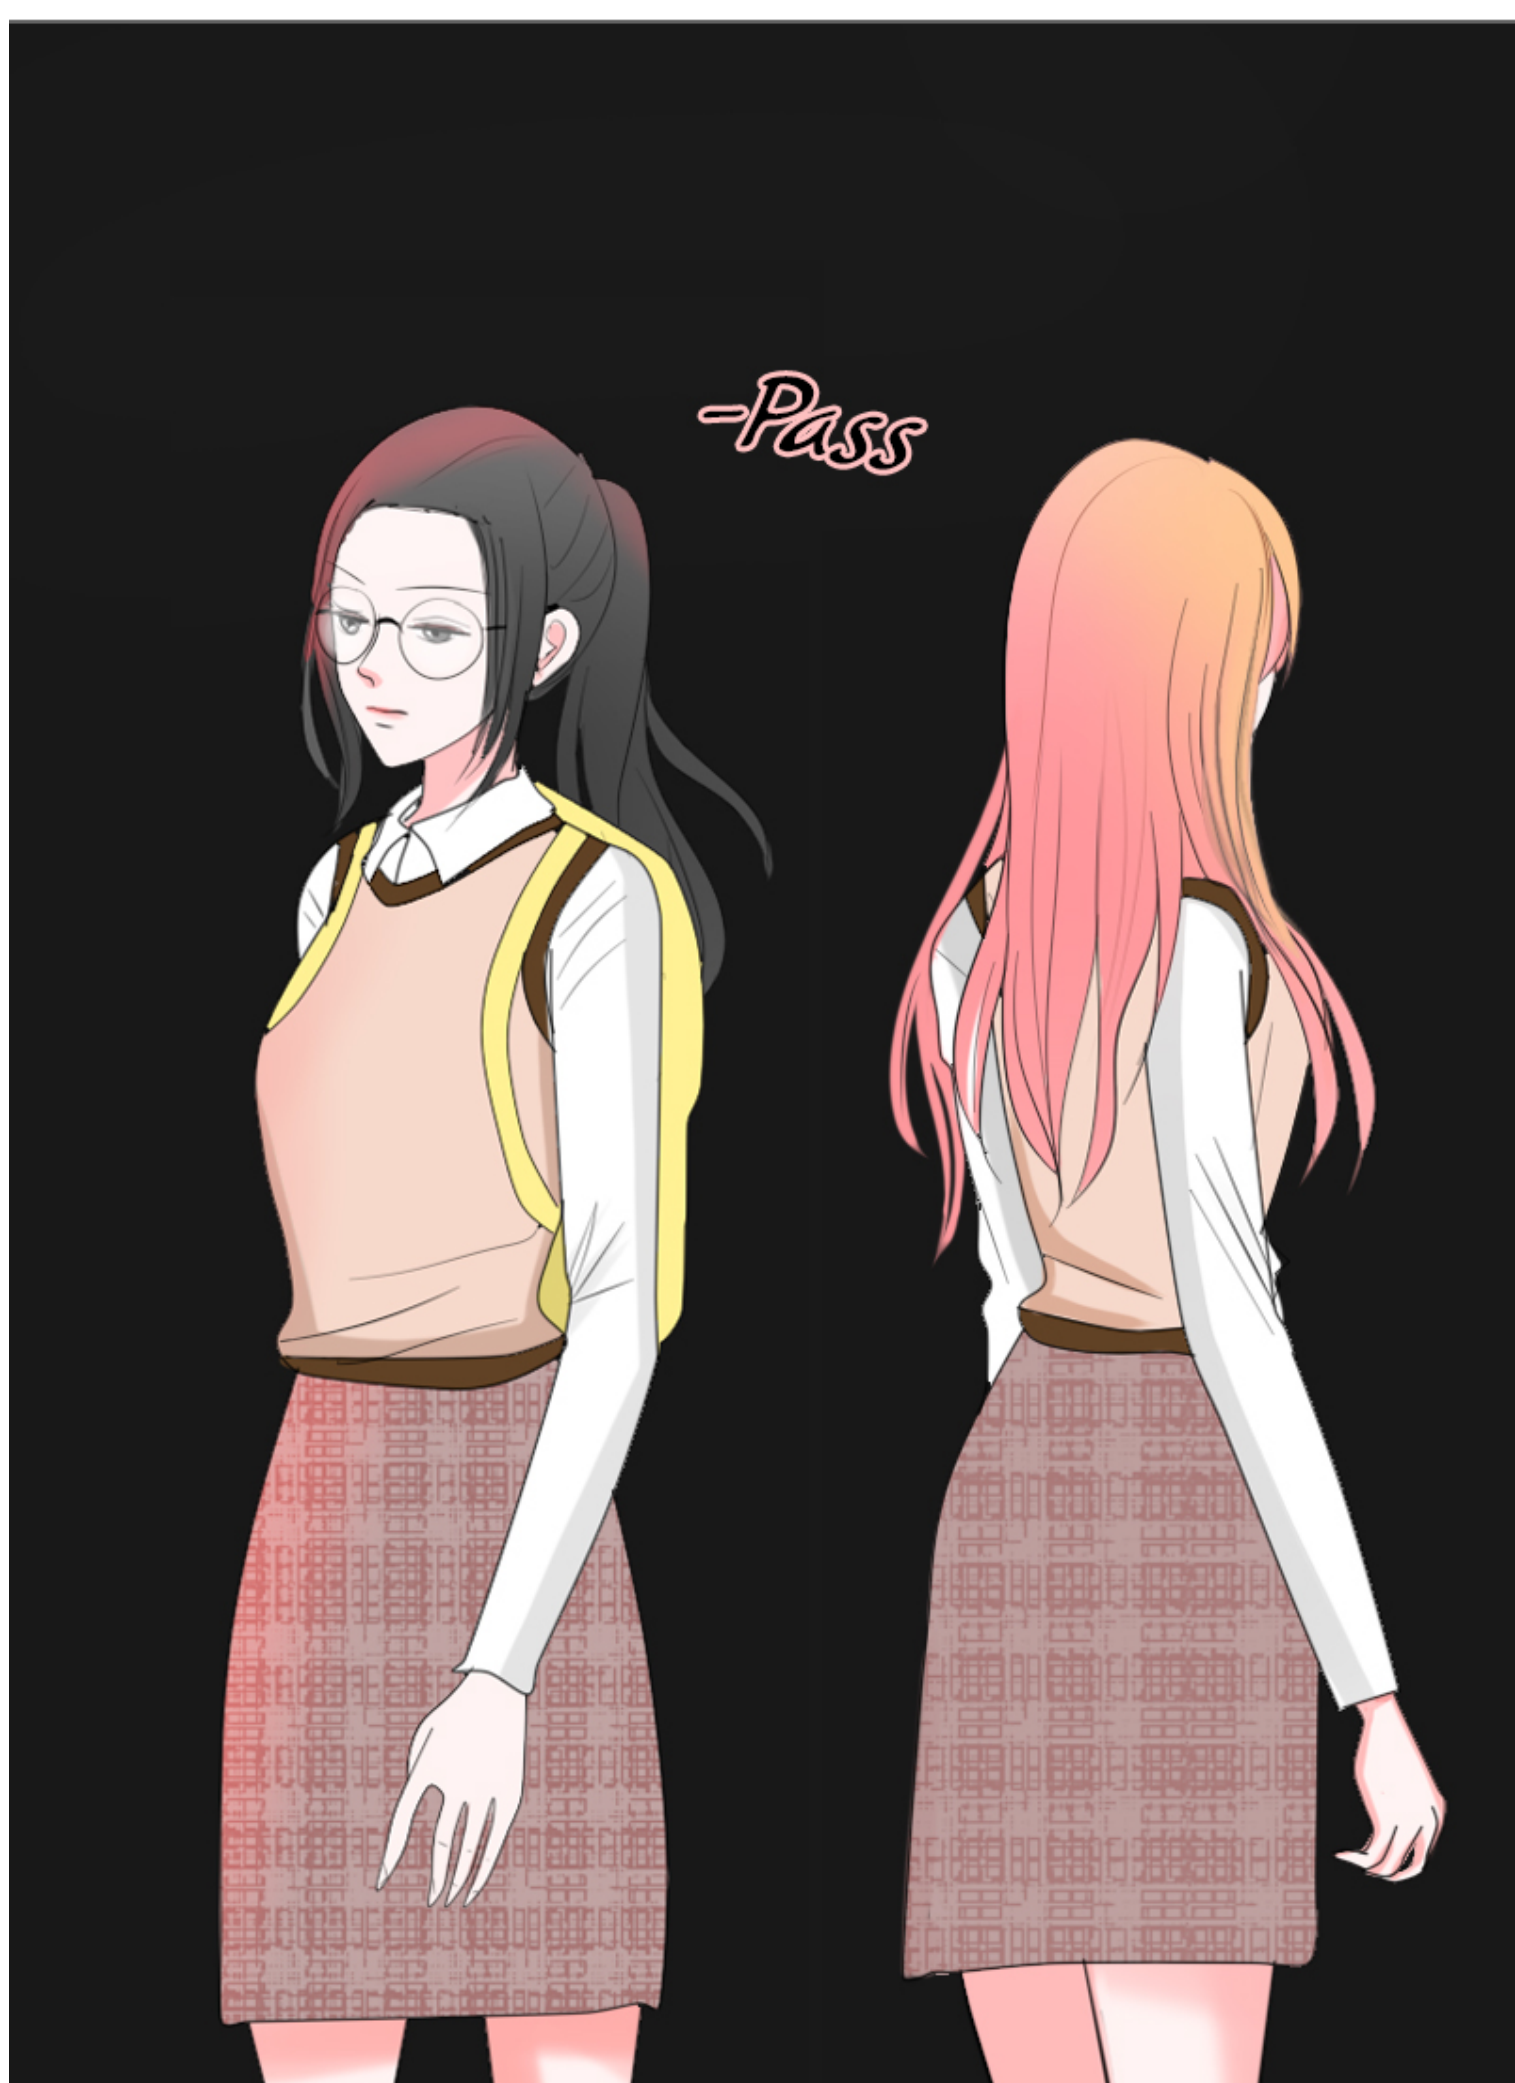

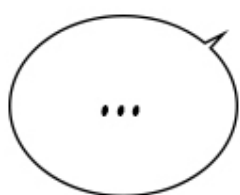

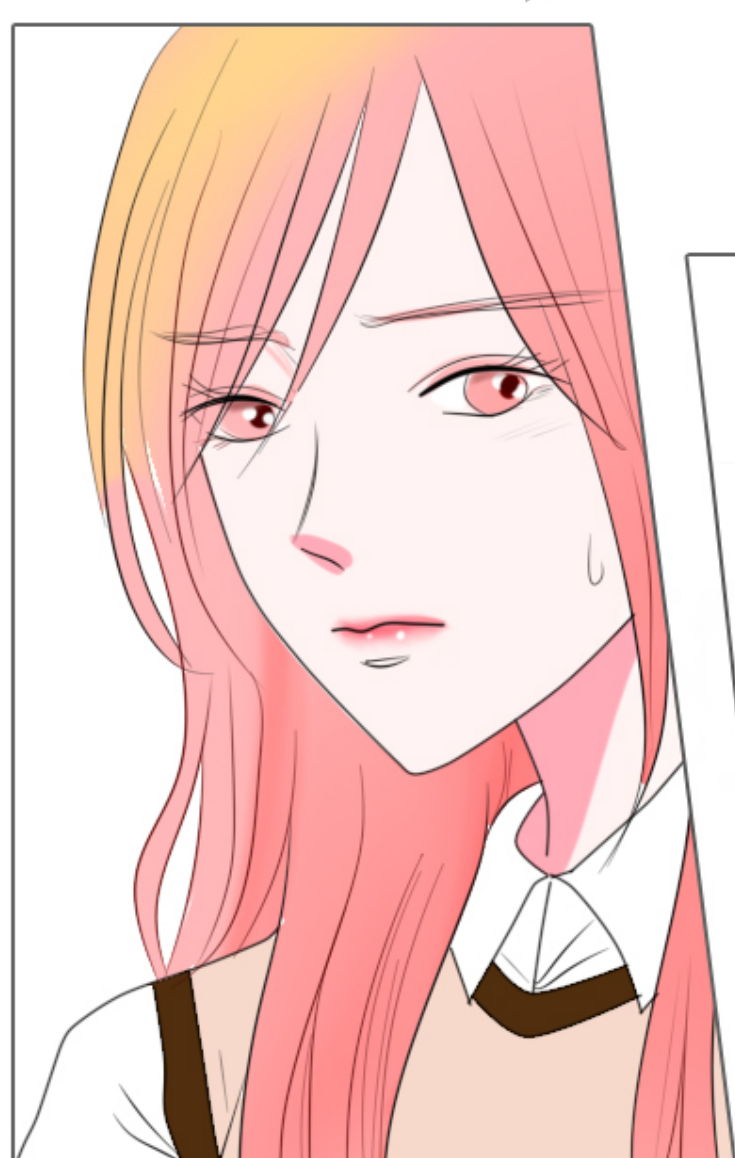

She will come to me eventually

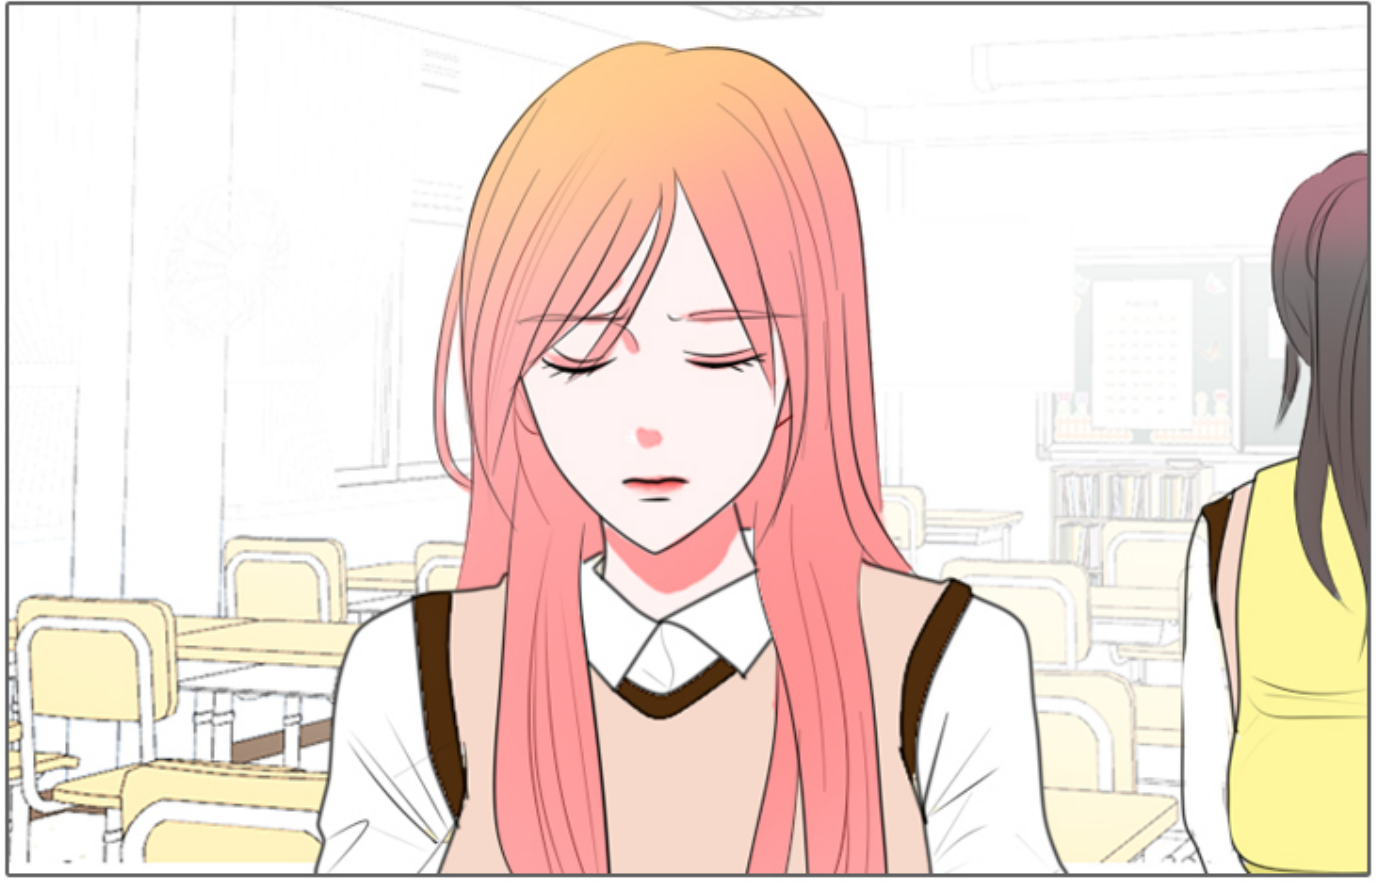

Creak

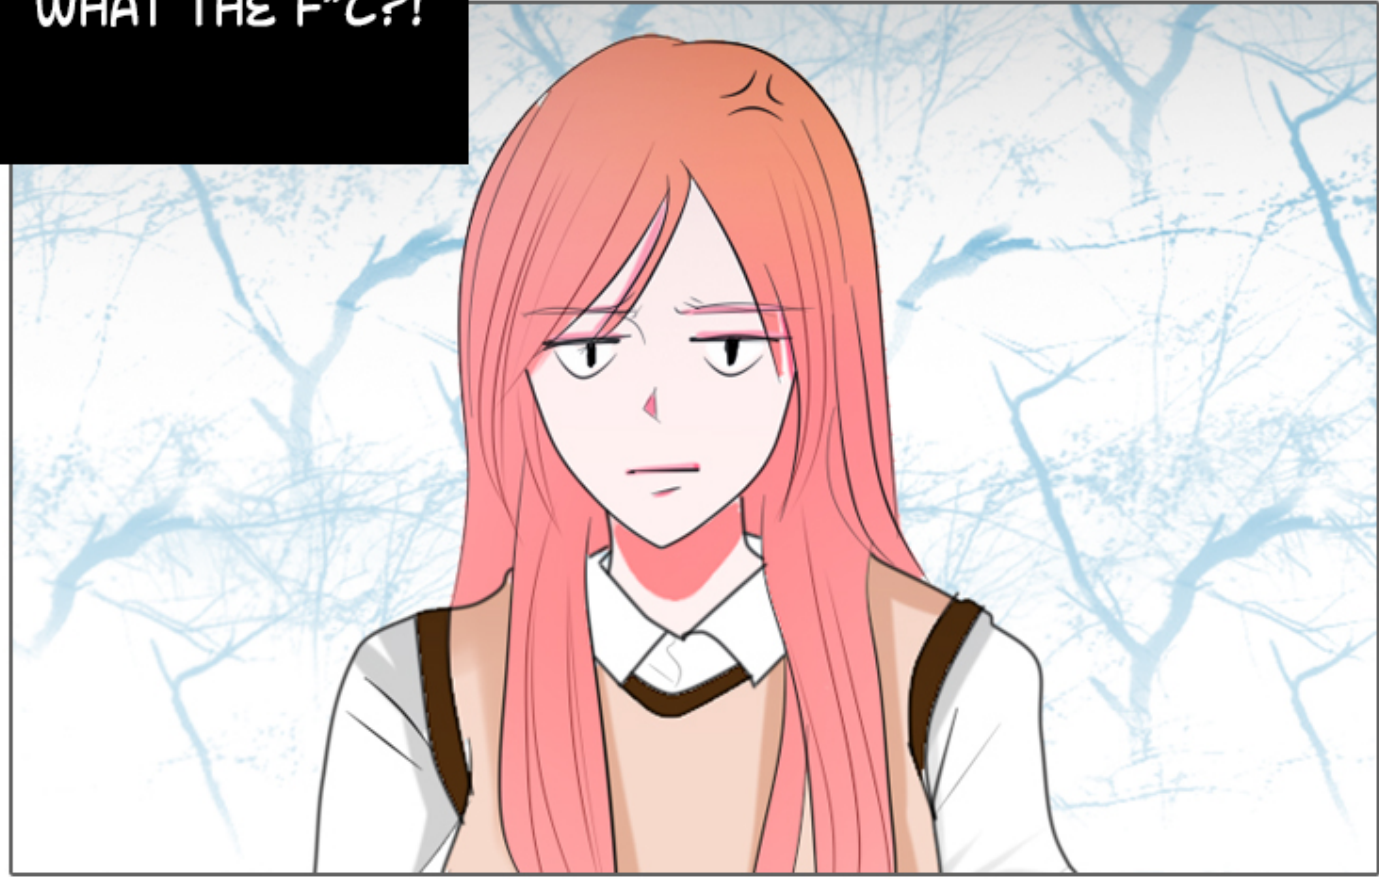

SLIDE

What the fcking hell!!!?
How dare she ignore
me for hours like
I'm not existed?

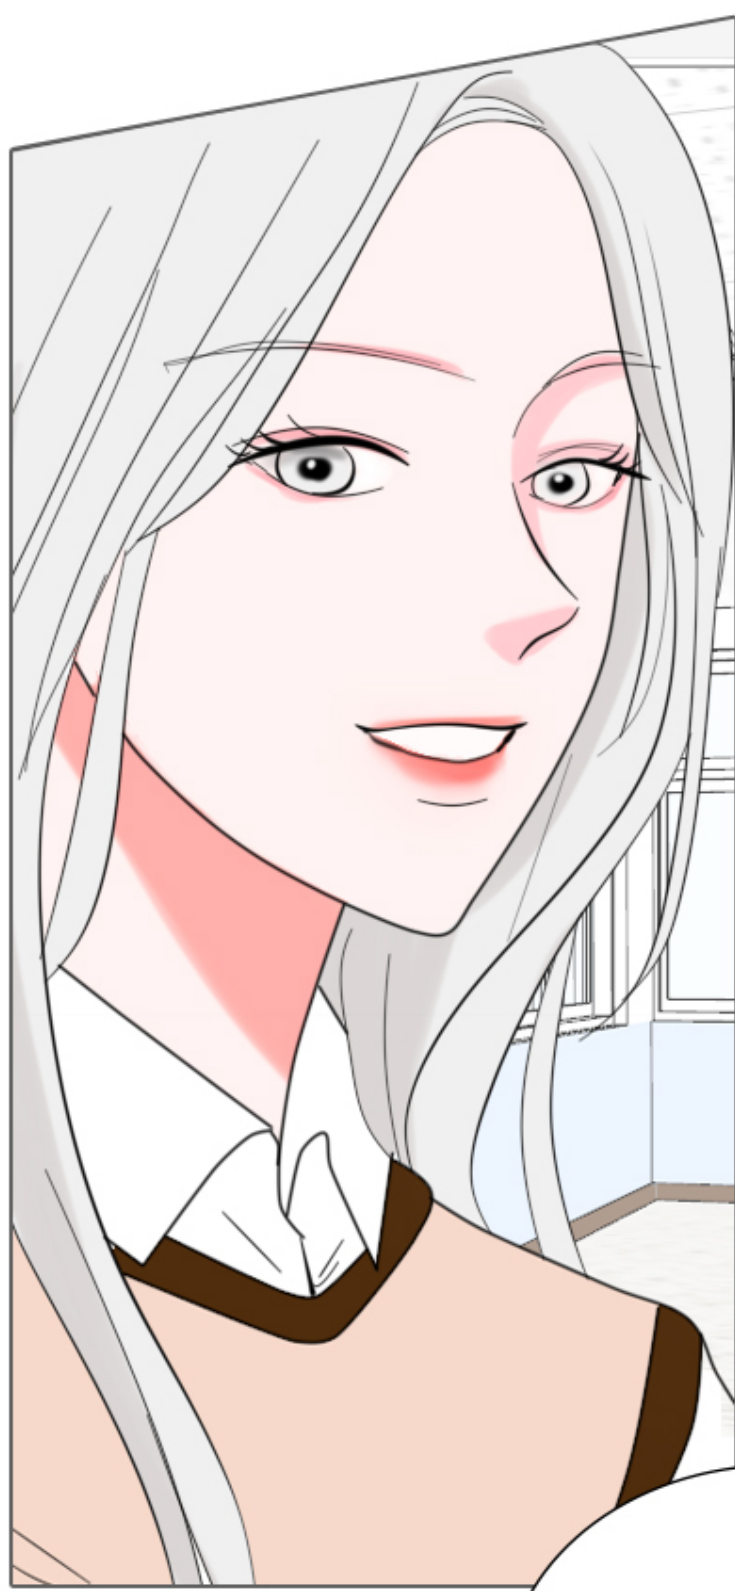

Is she really going
to cut me off?!

NOT LISTENING
TO ANYTHING ACTUALLY
