REASONS TO WAX YOUR ASSHOLE

DADDY MASTER

ANTHONY BURCH
DADDY MASTER

1. IT MAKES YOUR DOO-DOOS COME OUT LIKE THEY'RE IN A LUGE

It seems like the kinda thing you wouldn't care about, but once you've experienced it you can't go backward. You're fuckin' *Cool Runnings*. You're at the Winter Olympics. You are a superstar. It also makes wiping massively easier, and reduces overall butt smell.

2. IT HURTS

As far as pain goes, asshole waxing is one of the most enjoyable. Why? Because it's intense pain for exactly one second that immediately goes away. It's not often you get to experience the kind of discomfort that immediately floods your brain with relief the second it's gone.

3. PEER PRESSURE

All the cool kids are doing it. Don't you want to be cool? Don't you want to be smooth? Don't you want to be so aerodynamic that you run 12% faster? Don't you want to be uncomfortable for a couple days, and then EXTREMELY comfortable for like three weeks?

4. IT MAKES YOUR FARTS WAY LOUDER

Every fart will be loud-but-friendly. You will be a walking orchestra.

5. YOU'LL MAKE A NEW FRIEND

My wax guy has seen parts of me nobody else has. I am- at least physically- closer to him than anyone else on planet earth. At some point I will figure out what his name is.

TIME TRAVEL EDITION

LOOPER (2012)

DIR. RIAN JOHNSON

Looper is a movie about time travel and murder. In this movie, Joseph Gordon Levitt and Bruce Willis are the same person and this is pretty obvious because they have the same nose. Joseph is in the "present" and Bruce is in the "future" and Joseph has to kill Bruce even though he knows he is Bruce but hasn't become Bruce yet because he isn't in the future. There are a lot of moral questions raised in this movie like whether you would kill a bad kid if they turn out to be a bad person in the future (I would and I wouldn't feel that bad about it if they were a bad person in the future) and whether movies should have people playing themselves with old age makeup or just two hot guys who do not look alike.

each other? And the answer is no because they actually don't even know each other! The man, who we'll call Keanu Reeves is actually living 2 years behind the woman, who we'll call Sandra Bullock. So instead of sharing important business information about stocks, Sandra just tells Alex that she loves him and that he's going to die pretty soon. Ultimately neither of them need important information on stocks because they can already afford a lake house and their love for each other is free.

THE TIME TRAVELER'S WIFE (2009)

DIR. ROBERT SCHWENTKE

The Time Traveler's Wife is a movie about time travel and marriage. It is not about the time traveler but instead it's about his wife. She has a very hard time putting up with all of his time traveling because she can't rely on him and they can't have kids because the fetus is always time traveling to a time before it was conceived. This movie is very stressful and it made me glad that I am not time traveling in the real world because I'm just time traveling in this dimension. I imagine this takes the burden off my wife Samantha more but I'm actually not sure.

3.5/5 STARS ★★☆☆

BACK TO THE FUTURE (1985)

DIR. ROBERT ZEMECKIS

Back To The Future is a movie about time travel and loving your mom. In this movie a kid is hanging out with an old man who is a doctor or just a scientist and nobody says anything about it, which is good because secretly the doctor is going to the past through time travel. Very cool! But he dies and the kid is alone so he goes to the past instead. He falls in love with his mom, but he tries not to because even though his dad is a goof he still loves him and wants him to be happy. Sounds like my step-son Terry! Anyways, he makes his dad seem cool and therefore avoids not being born. He even saves his doctor friend and everyone lives happily ever future.

3.5/5 STARS ★★☆☆

THE WOLF OF WALL STREET (2013)

DIR. MARTIN SCORSESE

The Wolf Of Wall Street is a movie set in the 1990s. It is not strictly about time travel but it is a very long movie and I felt like I got a little older watching it because it was so long and I was tired.

3.5/5 STARS ★★☆☆

THE LAKE HOUSE (2006)

DIR. ALEJANDRO AGRESTI

The Lake House is a movie about time travel and mail. In this movie a woman and a man fall in love because they read letters in a mailbox at the lake house they both share. You might be thinking, well if they share a lake house doesn't that mean that they already love

ALL ABOUT DAD

A LOOK INTO THE WILSON PATRIARCH

Hey there folks! Darryl Wilson here. I don't have a lot of time to chat, 'cause, well, MY DAD IS BACK! But I didn't want all of you here for some Wilson Wisdom to be left hanging. And since my big D is back, I wanted to give you all a bit more information about him. So I went through some of my old school work, and lo and behold, I found two essays I wrote about my dad. It was actually not a lot of school work to go through. I wasn't the best student—I'm not particularly proud of my corner cutting in that 4th grade essay. I also don't remember my dad ever not picking me up from football. He was too great to do that. Anyways, I only found work from 1st grade and 4th grade. I don't think Mom or Dad was particularly excited to keep any of my work or grades from middle school on. Whatcha gonna do!? I hate school.

Draw and Write

My favorite day is Father's day. It's a day about Dads. I love my Dad. It is like Christmas. But instead of Santa. It's my Dad. My Dad is better than Santa. But I like Santa too. And I like presents. But I LOVE love! my DAD!!

Lack of effort.

This was supposed to be a history essay. I see the margins and 14 pt font.

Disappointed.

MY FAVORITE AMERICAN:

Why My Dad Should Be On Mount Rushmore.

No punctuation in titles

I would like to start this one page assignment with a quote from a very good American, but not my favorite American. That American is Abraham Lincoln. He said "When I do good, I feel good. When I do bad I feel bad. That is my religion." That's how Father, Frank Wilson, lives. Abe may as well been talking about my dad, except my his religion is Catholicism.

There are many reasons my father, Frank Wilson, is my favorite American. Too many to list in this one page. But the best thing about him is he always tries to be the best dad, And the best husband. He isn't perfect. But even when he's not, he fixes it, and makes everyone feel perfect. Such as; he forgot I had football practice, so I had to walk home – its only a couple blocks. But he left work and got me a new football and a jersey, and missed on Saturday just stay home with me and play catch.

missed what?

In conclusion, My dad is my favorite American and I love him.
