

KAVON BRIGHTWOOD

"Another one? Coming right up."

Personality Traits. Kavon is an outgoing tavern owner. He has a knack for remembering names, connecting like-minded visitors, and deducing truths from rumors and body language. He is a self-taught wizard and adds spells to his spellbook as drunken tavern-goers leave their spell scrolls and other arcane writings behind.

Ideals. A happy customer is its own reward.

Fears. I've been robbed before, and I wasn't ready. I'm still not sure if I'll ever truly be.

Quirks. Makes exotic wines.

Secret. His father was an infamous necromancer. Kavon will not practice or tolerate necromancy.
