## **Fastbay – A spin off of “The Bimbo within”**

**or**

### **“The office Slut”**

I would like a spin off of the bimbo within or the office slut would be cool. Or have a comic of some females eating a milk product an slowly turning into lactating bimbos whose goal turns to just wanting to be milked an bread.

## **Richard Fennell – Asitex “A modern Version of MasterPC”**

**or**

### **“Bimbo Teela”**

He would like a modern update of the old works such as Master PC when a guy uses this magical app on his smartphone to change teachers, police officers, and powerful CEOs into strippers with huge tits or Teela and the Master of Universe turn into strippers/ bimbos by a spell by Evil Lynn.

## **BacE - The Incredible Slut**

The Incredible Slut (This is basicly a bimbo version of the hulk without the green skin, muscles or anger): A brilliant female scientist is working on a machine that can increase the femininity and libido of women, when she is caught in an explosion and overdosed with BIMBO-radiation. Now everytime she gets horny her body transforms into a bimbo and the hornier she gets the more extreme of a bimbo her body becomes (bigger boobs, lipps, bubble butt and so), only when she's sexually satisfied she turns back to normal, until she becomes horny again. Since she is the inventor of the machine and the machine is destroyed in the explosion, there can't be any other bimbos like her, however the more extreme of a bimbo she becomes the more she will emit BIMBO-radiation which will transform any woman (temporarily) into a bimbo as well.

## **Cole Jones – Bimbo Doo, where are you?**

Bimbo-Doo where like are you. In this comic, set in the Scooby-Doo universe, the gang is investigating an old brothel where rumor says that anyone who's come in here doesn't come out the same as when they went in. As the gang splits up to investigate the ghost of the owner of the brothel starts to turn everyone into bimbos and by the end the gang is reduced to horny bimbos who go out in search of hot guys to bang.

## **Finn the Human – The Night in Nirvana**

In this comic, In the bustling streets of Beijing, entitled customer acted misogynistic as well as crude to the staff of a night spa/massage parlor with such things as: "Couldn't afford to be a street walker?" or "I'm surprised you can speak perfect english" But unbeknownst to this charming gent the staff are Kiang-Shi, aka Chi Vampires and they don't take such a slight lightly especially from their new prey. The vampires drain his chi and turned the man into a huge fake Asian Bimbo, fitting of the very stereotype he mocked then of, might even put Pammy from DNA Rewritten to shame. Themes: MTF Bimbofication with Racial Change, Karma TF theme and alot of bimbo-related expansion.
