Ruby/MC kiss:

Ditch Blair on Thursday, when you're in her room, ask her to show you what it's like, and then play along. When asked about the tokens, choose 200 tokens (guaranteed) or 500 (this is programmed to be 50/50 chance of you winning it, so if you want to get more money you can risk it here.)

Ruby solo scene:

Ditch Blair on Thursday, when you're in her room, ask her to show you what it's like, and then just watch, you can choose for her to use a buttplug or vibrator for these scenes.

Flash tits during class:

Regardless of your route prior to Friday, you will have to either be nice to Bryce, give Gabe your PopMe or blow Jace to get to get solicited by one of the three. If you don't do at least one of these things, you won't get this scene. The only exceptions to this are:

- If you are on the Investment route and you got on the waitlist.
- If you are on the Job Route, Gabe will not be an option to solicit you.

In the Science route Bryce will solicit first if you were nice to him, if not/you ignore him, the next person will be Gabe if you have his popme, if not, its Jace if you blew him (**he will send you a dick pic**)

For investment the order is Jace, then Gabe then Bryce

For Art its Bryce then Gabe then Jace

For Job its Bryce and then Jace

Flash the entire Investment Club

Join Investment club, but only get on the waitlist. This can be done by being a complete jerk to Bryce, or not accepting his initial invitation to just join the club on Sunday. On Friday when its your turn, choose to flash the club.

Samir fingers MC on dancefloor

TLDR: Be buzzed, wear Trish's dress and dance with Samir

Sci route only- Make sure you have **less than \$60** in your account before Friday (This can be done by spending \$45 on that outfit on Sunday, not gaining extra cash from camming with Ruby on Thursday, and also not letting your dad know about your money problems on Thursday when he texts) When you get to the store on Friday, leave the dress on the hanger. When you get back to your dorm, **try on Trish's dress**. At the soiree, **only have one glass of champagne** (there are two opportunities for this) When Samir asks to dance, go dance with him.

Have sex with Samir

Sci route only - no matter what, on Friday night, choose to dance with Samir/ go home with him.

Fool around with Bryce

All routes except for Investment - Get Bryce's PopMe earlier in the week and be nice to him. (For those in art route- don't take moontabs or you won't be able to go to Bryce's afterwards) If you want to fool around with Bryce: Stay still.

Watch Trish and Bryce have sex

Same as above, except you can pull away or stay still, it doesn't matter. Hide in the closet.

Have sex with Chad

Invest route only - At the party, dance with Chad and go home with him.

Fool around with Rafi

Art route only - Friday night, ask to start the party early, and the tag along. Tell Rafi you like him.

Have sex with Demi

Art Route only - Friday night do NOT go with Blair and Rafi to do drugs in the bathroom. At the afterparty, go investigate (leave Blair behind) When you get back, ask Demi if she's seen Blair. Ask if she wants to talk outside. Ask her "How would you change the club, if you could?" Don't move your arm. Offer to walk to her room. I'm up for it

Kiss Blair

Art Route only - Friday night Don't go with Blair and Rafi to do drugs. While dancing with Blair, "I'm into it". Stay with Blair, and don't go investigate. When walking her home, kiss her.

Fool around with Gabe

Job route only - There are a few variations on how this scene plays out.

Only groped over your shirt: Show up on time to your interview (On thursday, ditch blair, and on friday Take bus to Honeywood). Let him keep going.

Groped without your shirt: Show up to your interview late (Ditch Ruby on Thursday OR Ditch Blair Thursday and on Friday choose any option other than Honeywood when taking the bus). Let him keep going

Nearly fingered: Show up late to your interview (Ditch Ruby on Thursday OR Ditch Blair Thursday and on Friday choose any option other than Honeywood when taking the bus), choose these answers: (Sure, 6PM, Wait for you, enjoy it later and Of course thank you so much) let him keep going.

Have sex with Grady

Job Route only- On Friday after your interview, go to the bar. Do not drink at all. Stay at the bar and Tease Grady. Ask him to sit next to you. Do not mention you go to the college at all. Don't mention you live on campus. Then tell him "Let's go"

Note: Whether you're a virgin or not changes this scene slightly. As a virgin you'll get a foot massage first, followed by giving a footjob and then the scene will closely follow the non-virgin route.

Other thing to check out:

Not necessarily sex scenes, but things that I recommend multiple different playthroughs for:

Investment Route: 2-3 playthroughs one being really nice to Bryce, another being really mean to him and blackmailing him on Friday morning. Your initiation will look very different.

Being nice to April will yield some possible insight into Trish and her personality.

Your walk home on Friday night typically follows the same formula, but some routes allow for further insight between characters and the Dean that could be good to know in the future.

This guide is not exhaustive and is only really here to cover major sexual scenes in the game. For clues and other dialogue choices, check out the discord spoiler channel to chat with others about things you may have missed!
