

Wow.. They're already conked out.

You should've seen them back there, they really partied like no tomorrow.

Honk Shoooo

Zzz

Snork

Mi Mi Mi

Zzz

Makes sense! Tez, Nho, and Thorne actually never takes any days off.. we had to force them to go on vacation once a year.

They act like they don't want it, but I think they've been dying to let loose for awhile now.

Come on, let's give them some space.

Okay.

So.. You and Crush, huh?

SHUT

Way to make it official at his ex's wedding of all places, you're a dog, Cherie!!

Yeah.. Um.. Thanks but..

I still don't feel how to feel about it, honestly..

How so? He didn't pressure you, did he?

No, I love him.. It's just..

It's just what?

Ah, Nevermind. It's not something I should trouble you with.

I'm just gonna head home now.

Cherie..

Did he tell you..

Yeah.. He told me.

Of course Miss Mae knows, she's his best friend..

I guess when it comes to Crush

THROB

I'm always the last person to know..

Gosh.. Am I seriously sulking over this..?

I know why he kept it from me.. But still..

Cherie, I didn't mean to upset you or anything.

I'm.. not upset, I just can't wrap my head around this..

I know the Syndicate needs money

But to think Crush was involved.. like that.

I understand.

GRAB

Come with me.

I have to give you something.

It might not change your mind..

But the one that encouraged Crush to tell you the truth

was me.
