STORY

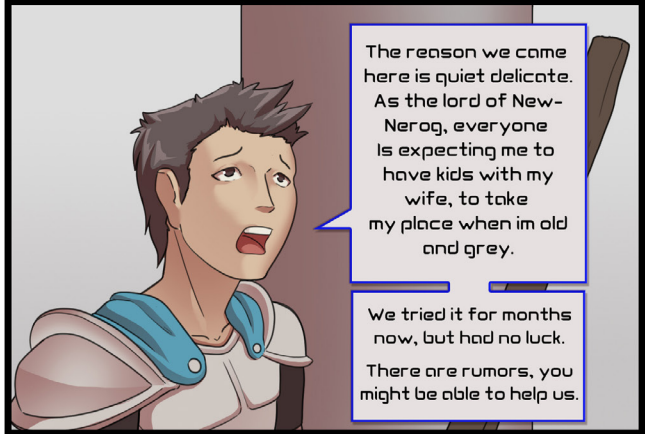

Mistresssss, the lord of New-Nerog lss asking for audience

...and there goes my free day... Alright, let him in. ...

Greetings, oh great lady of the badlands! I came here with my wife to ask for your help!

sigh

The reason we came here is quiet delicate. As the lord of New-Nerog, everyone is expecting me to have kids with my wife, to take my place when im old and grey.

We tried it for months now, but had no luck. There are rumors, you might be able to help us.

No.

Wait... You are not here because you need any weird fetish-stuff?

You just want ME to check if your dick works fine?

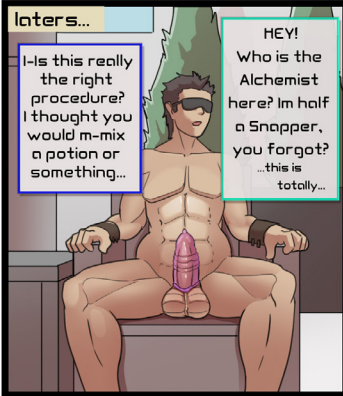

Well, uhm... If you think thats the problem?

What an idiot, it's most likely his wife...

Hr Hr... Yeah, I totally think I should taste... uhm.. try to find that out! *slrp* (Sorry) We have quite the effective breeding-method here, you wanna try it?

Yes! ..Yes, please!

laters... I-is this really the right procedure? I thought you would m-mix a potion or something...

HEY! Who is the Alchemist here? Im half a Snapper, you forgot? ...this is totally...

the...right procedure

Yes... yes... so good!

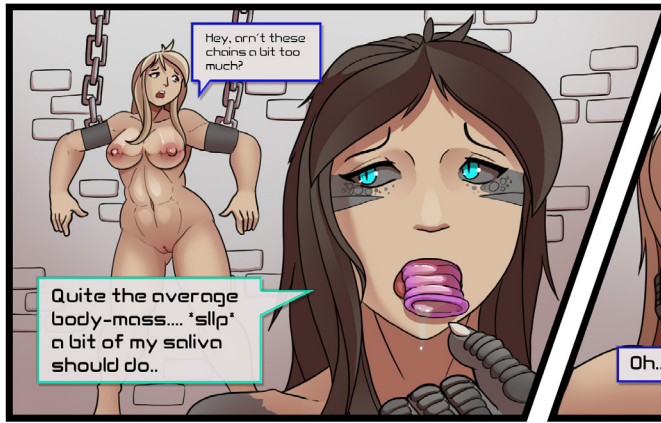

Just give me your precious semen!!

Yes... This should be enough for now...

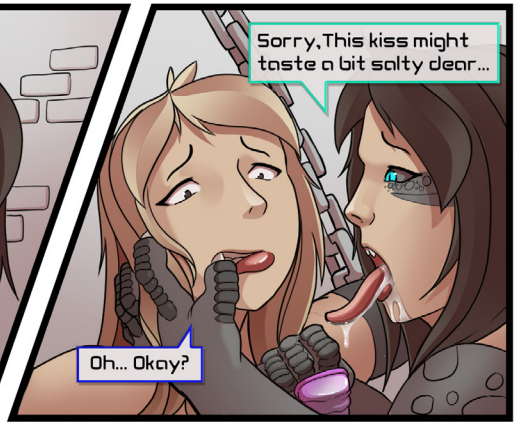

Now for part 2 of our plan...

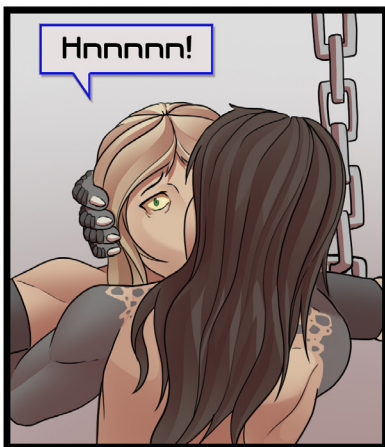

Hey, aren't these chains a bit too much?

Quite the average body-mass... 'slip' a bit of my saliva should do..

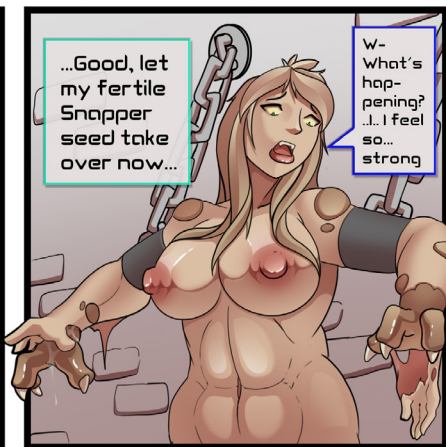

Sorry, This kiss might taste a bit salty dear...

Oh... Okay?

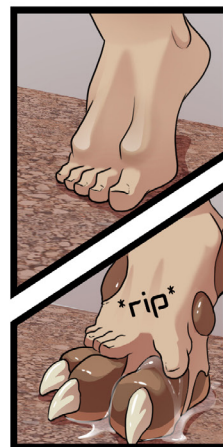

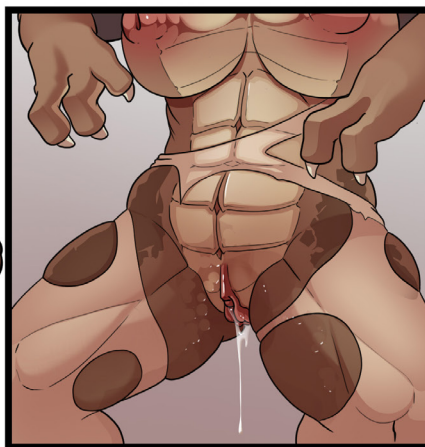

Hnnnnn!

...Good, let my fertile Snapper seed take over now...

W-What's happening? ...I feel so... strong

Your body will be so much stronger and fertile now...

You turned me into one of your monsters?

Don't worry, its only temporary. I got the antidote over here somewhere..

a beautiful,
strong heir to
your throne!
