

Desire Of Fate [Ep2v1]

Warning: Contains Spoiler

NOTE: Karma points are necessary within the game. If it's too low you will get game-overs. On the other hand, If it is too high you cannot take some actions.

There are two modes in the game based on the impact of your choices. The Dream mode (eases the weight of your choices) & the Realistic mode (this mode may or may not restrict many of your actions).

This WT was made for players who want to play with the realistic mode.

The green highlighted ones are for the best result.

- **Helping Samir:** This one is a bit complicated. If you have more than 5 Samir friend points, you can ask him for help. Firstly, you need to talk to Beatrix and Befriend her. See **Befriend Beartix** section to see how to do so. Once you befriend her you get the option to help Smair sell drugs or Not. If you do, Beatrix will tell you where she kept the drugs. Then you need to talk to Rinka and get whom to sell drugs to. If you beat up Caz you have to sell it to Noir. Noir will give you 300k for 3 boxes. If you didn't beat up Caz, you can sell drugs to him instead. You have the option to sell 3 or 6 boxes. Selling 6 boxes gives you 600k, but this will cause trouble for you in the future.
- **Sex with Noir:** If you manage to sell drugs to her you get the option to bang her. **Banging her will cost you 5 karma.**
