Gameplay

There's a new chest that has a key you get from using ACT skills correctly in the Startled Fellow Battle. The chest has the fight's loot.

Battle changes

A new battle, Startled Fellow.

His battle is a bit different than usual. It's all about speed.

You need to catch him before he falls down. That requires you to have 40 SPE, so you can use the correct ACT skill "Catch" before he falls down.
