You are utterly irresistible... Honestly, it's true.

Come on now – you must have heard it before?

Don't go blushing on me now – I'm serious... You want to know why? Well, you're just so confident and powerful – and it's so sexy it's almost unfair. How people can fall so easily for you. Because you're DROP dead gorgeous. All that charisma just making people fall so quickly – they, like you.

Just DROP when they see how confident and sexy and powerful you can be. Hypnotised.

Without even realising, people just DROP like they've been hypnotised. Whenever they notice how sexy and confident you are. Falling. For you. In seconds.

You can probably notice how listening to my voice makes it difficult to concentrate... telling you how irresistible you are – making you squirm and blush. Well, that's okay. It's natural and, to be honest, it's just *another* attractive quality I've noticed about you.

When you hear how irresistible, sexy and confident you are – you just... seem like you're drifting, still listening... but drifting... further and deeper into the words. So quickly, starting to get inside your head.

And it must be because you're so modest! I love it... Just another thing to add to how irresistible you are. Feeling. So confident that you can go deeper as you listen.

And you know it's true. That you're irresistible. It *must* be – because I'm here talking to you now, aren't I? I wouldn't be bothering to tell you how sexy and confident you seem if I hadn't noticed it. If I didn't believe it... Every word I am saying proves how irresistible you are. Feeling so deep and deeper with every word.

And it doesn't matter whether you're usually into men or women... it doesn't matter who you are attracted to – you can still appreciate a compliment when you get one, right? Of course you can. And you can easily feel how it's so true, because even though you've got that sexy modesty thing going on – you are feeling so confident. About how sexy you are. About how people *want* to look at you. About how just about anyone would *love* to DROP to their knees for you... So true. Feeling more irresistible with every word, because it proves how sexy and confident you are.

And shall I tell you a secret? The secret reason why you know these words are making you feel so confident and sexy... even though you might not want the attention? Okay, I'll tell you why you're going deeper... into this confident, sexy mindset.

It's because – how you view yourself... doesn't even affect how other people see you. So, it wouldn't even matter if you didn't know how confident and sexy you are. So deserving of being desired. Other people still desire you. Still lust after you. Still love to look at you... And you know this.

It's true, because other people have their own minds, where they fantasise about you. They undress you. They want to feel themselves rubbing all over you. You can imagine how it must feel for them. Wanting you. And knowing that you get to choose.

You get to decide who you desire – and let that person or people have their way with you. Can imagine it now. How good it feels to know that other people desire you, because you are irresistible – and you get to choose how you let them pleasure you. And you will. Because someone as irresistible as you deserves so much pleasure.

It's just a fact. Like the fact that I am here, telling you how sexy and confident you are just proves that I couldn't resist saying these things to you. So, every word lets you feel it, more and more. Sexy, confident and deserving to feel so much pleasure. Stronger and stronger as you listen.

It's so natural for people to want to give you pleasure. You just radiate that confident aura... It makes people want to give you pleasure. And you can feel it. How you choose to let that person you decide to give you so much pleasure.

And even if you didn't feel so confident in yourself, it doesn't matter – because other people have a different mind. They think differently. And they fantasise about you. Feel so ready to let yourself receive pleasure and... drift deeper into these words that prove more and more how irresistible you are. Feeling it sink so deeply locked into your mind.

Because you choose who gets to pleasure you. You choose to let them live out their fantasies with your body. You choose to allow them to worship you and do all the things they are desperate to give you pleasure because you are so confident and sexy and irresistible.

It's the reason you've chosen to listen to these words. Because you know how they prove what you deserve. To feel that you are worthy of worship. To know that whenever you see someone looking at you with that sexual hunger in their eyes – it is because they are desperate to pleasure you... feel so aroused knowing that they are getting so worked up just *looking* at you. Your sexy, confident aura.

Makes it so easy to see why someone would want to stroke you. Touch you. Rub against you. Worship you. Give themselves to you. And you can choose to give yourself to them, if you want to – because you chose to listen and feel so confident that you are irresistible.

Every word proves it more and more. Why else would I be telling you this? Why else would you be listening? To my voice letting you become so relaxed with the idea that you deserve pleasure. When you feel confident and sexy. It just seems to flow.

From every person who looks at you with that sexual desire. And you can easily let it in. Let it flood in to your mind, relaxing you and making it feel so natural to relax and choose how you want them to pleasure you. Because you deserve it.

Now, I want to count you down – because I can't help myself... you're so irresistible, after all.

So, I'll count down from 5 to zero.
