

Parents and children have a certain order of sexual intercourse.
The girl was enjoying the smell of her father's penis.

me off, at the door...!
I raped her, pussy
and anus 3 times
each in her room...!

The girl, from
across the street!
I raped a 9 year
old serious
looking girl!

So, what's the
rest of the story?

Tingler

She came home
from school and
opened the front
door...

The daughter was fazed by her father's sudden
confession of rape. This kind of thing happens everyday.
But the daughter, who knew that the house across the street
was her sister's, did not stop interrogating her father!

But that's okay, because she was having sex with a daycare worker!

They were both happy, though not as happy as Inori!

Ahv

Brrr

To my surprise, the father was raping the sisters across the street until my daughter came home!

The daughter didn't seem particularly surprised and listened to her father's confession with an expression of "not again..."

Hmm~

Nishizaki Shiori
and the others...
They were after
you two, weren't
they?

I have to restrain
my perverted daddy
who rapes anyone
without care

Oh!
When you
strip them,
you have to
be more
gentle...
