#### Afterword

This is Takaisen, who drew doujinshi for the first time in 2.5 years! It was about a year and a half ago that I came up with the idea of writing a Shimakaze Doujinshi. I had a lot of difficulties in finding the time and the material, and finally finally, it was completed.

How very naughty of Shimakaze! Don't you think so? Well, that's why I drew this story, but I'm usually drawing big girls with big boobs and hips, so when I tried to draw a smaller, fitter body, I wasn't used to it, and it made me realize endlessly that I'm not proficient enough!

Shimakaze definitely smells like sweet sweat, right? (Based on our proprietary research). That sweet and sour feeling overlaps with the adolescence of the young Admiral and Shimakaze, and it became such a lovey-dovey pure love story. (?) I myself don't know what I'm talking about. Is it pure love to begin with, a story in which the human body is reduced to a smaller size and having sex with legs and ampts? I don't know. Please see for yourself. (Messy closing)

At first, I had drawn up a story in which Shimakaze was extremely dominant and aggressive, but the Quality Assurance Division in my brain did not give me the go-ahead, so I discarded almost all of that story. As a result, I think it turned out for the better. QC staff (who?) is also very satisfied with the results. I am currently considering if I can put out the stories of those who poached them in small pieces on other occasions (Pixiv, etc.).

I'm also a big fan of aggressive and sadistic situations, but, uh, how should I put it? I really want the admiral and the shippin! to be in a lovey-dovey relationship. I especially love the feeling that destroyers like Shimakaze are "unaccustomed" to this kind of love. From hesitating to even held hands, the emotional tag is removed at once by the shrinking of the admiral, and the sexual act goes on. This is a golden pattern that we continue to use on a regular basis.

That's all I have to say, thanks for reading all this!
