

## Sissy Speak

Nothing can ruin an intimate moment more than a sissy talking in a deep masculine voice instead of the high-pitched, lisping cadence that should be more than natural for her. Be sure to train with Sissy Speak each and every day to make sure that you do not get caught in the horrible situation of ever being mistaken for a gross boy by the sexy strangers that you love to seduce. Soon nobody will confuse you for anything other than the pink, willing slut you have always wanted to present yourself as to the world.

This subliminal will remind you of all of the completely important girly vocal habits that you must form in order to pass as a woman convincingly with just the sound of your voice. Remember to giggle cutely and often, practice speaking in high pitches, and sing along to all your favorite female pop stars in order to add the air of femininity you need to speak like the flamboyant sissy you have always wanted to be.

Form deliciously sissy habits and work to develop your very own beautifully effeminate voice each and every day with *Sissy Speak*.
